In re: KBKC(FM), Moberly, MS
Facility ID No. 90381
Request for Modification of
Waiver of 47 C.F.R. § 73.1125
(Main Studio Rule)

Dear Mr. Vaughn:

Commission records indicate that on May 6, 2002 American Family Association ("AFA") was granted a waiver of the main studio rule, Section 73.1125, in order to operate KBKC(FM), Moberly, Mississippi as a satellite station of commonly owned noncommercial educational FM station KAKU(FM), Springfield, Missouri.

On May 14, 2002, you filed a request to modify the KBKC(FM) main studio waiver to specify noncommercial educational station, WAFR(FM), Tupelo, Mississippi as the originating station since AFA no longer owns KAKU(FM). AFA's request IS GRANTED. However, AFA is reminded that the public inspection file for KBKC(FM) must now be maintained at the main studio of the new "parent" station, WAFR(FM), Tupelo, Mississippi and that the KBKC(FM) public inspection file must contain the quarterly issues and programs list for Moberly, Mississippi.

Sincerely,

for
