Re: Antenna As-Built Orientation on Existing Tower-250 W. Dodridge Street, Columbus, Oh

Dear Nick:

I hereby certify that the newly installed antenna atop the existing tower is oriented (facing) at an azimuth of 200 degrees. The measurement was taken on December 29, 2009. The bearings are based the Ohio State Plane Coordinate System South Zone taken from G.P.S. observations.

Sincerely,

Scott D. Grunde  
Registered Surveyor No. 8047
