**RADIO MULTIPLE OWNERSHIP ANALYSIS**

McCook Radio Group, LLC (“MRG”), proposed assignee of KFNF(FM), Oberlin, Kansas, hereby submits a radio multiple ownership analysis to be associated with the above-referenced construction permit application. MRG is the licensee of the following:

1. KICX-FM, McCook, Nebraska (Facility ID 57517)
2. KBRL(AM), McCook, Nebraska (Facility ID 57516)
3. KRKU(FM), McCook, Nebraska (Facility ID 86863)

MRG also has pending an application for a new AM station on 700 kHz, McCook, Nebraska (Fac. ID No 133306) (“700 kHz Station”).

As set forth on the technical study attached hereto, the principal community contours of KICX-FM, KBRL(AM), KRKU(FM) and, although not yet an authorized station, the 700 kHz Station, overlap with the principal community contour of KFNF(FM). Therefore, a multiple ownership showing as required under Section 73.3555 of the Commission’s Rules is provided herein with respect to the composite market formed by these principal community contours.

Under Section 73.3555, in a radio market with between 15 and 29 (inclusive) commercial radio stations, a party may own, operate, or control up to 6 commercial radio stations, not more than 4 of which are in the same service (AM or FM) 47 C.F.R. § 73.3555(a)(iii). There are at least 12 radio stations that have principal community contours that overlap the composite principal community contours of the above-referenced stations, for a total of 16 stations in the market. Therefore, common ownership of these 3 FM and 2 AM stations is in compliance with the Commission’s rules. A list of the 12 radio stations that are included in the above-referenced market are as follows:
