

**AMENDMENT TO BMPH- 20030507ABP**  
**MILLER COMMUNICATIONS, INC.**  
**WWKT (FM) RADIO STATION**  
**CH 257C3 - 99.3 MHZ - 11.0 KW**  
**KINGSTREE, SOUTH CAROLINA**  
**June 2003**

**TECHNICAL STATEMENT**

This Technical Statement and attached exhibits are prepared on behalf of Miller Communications, Inc. ("Miller"), licensee of WWKT (FM) Channel 257C3, Kingtree, South Carolina. This amendment is necessary to clarify Miller's request for processing under a supplemental city grade coverage demonstration submitted in BMPH-20030507ABP.

From the proposed WWKT site, Channel 257C3 meets the minimum distance separation requirements to all other FM broadcast facilities under §73.207 of the Commission's rules. However, at the site proposed in this application, WWKT does not provide the requisite city grade signal over Kingtree, South Carolina, using the Commission's standard method of predicting city grade coverage. We have, however, determined that, using an alternate method of depicting city grade coverage, the proposed WWKT facility will provide the required city grade coverage to Kingtree. The attached Exhibit A demonstrates this proposal complies with §73.315(a) of the Commission's rules. All other necessary documentation used to certify the technical portion of FCC Form 301 has been forwarded to the applicant and is available for submission to the Commission upon request.
