

## STATEMENT OF ASSENT

Fisher Broadcasting, Inc. Licensee of KVAL-TV, Eugene, OR, also 50% owner and controller of KPIC-TV, Roseburg, OR, licensed to Southwest Oregon Television Broadcasting Corporation, hereby provides the following waiver:

KPIC-TV is currently filing for the installation of a ch 26 Translator, with a proposed installation on Scott Mt, OR. This location is within 100 km of KVAL-DT ch 25, Eugene, OR. We feel confident however, that the combination of terrain shielding between Scott Mt. and KVALs area of coverage, combined with the directional antenna properties proposed for KPICs translator, and existing for KVAL-DT, will afford adequate isolation.

James Bowen
