The map displays the Allentown-Bethlehem area in Pennsylvania. A black circle is centered on the location, indicating the coverage area for LPFM Channel 245 (96.9). The map includes labels for various towns and highways. The red dashed circle is also visible, indicating a second coverage area. The map is titled 'Arbitron Metro Market: 70. Allentown-Bethlehem PA (SL)' and 'Channel: Ch. 245 (96.9)'. The 'Add a circle' section shows the coordinates and radius for the circle.

This tool will show locations where we predict that the FCC will consider a protected LPFM Channel/Point. A translator application must protect LPFM opportunities at these locations on the channel indicated. If the translator prevents an LPFM station from being constructed at this location, the application would be dismissed. Translators will need to make a showing to demonstrate compliance.
