**State Board of Education, State of Idaho Facility K51HY-D**  
**1455 N. Orchard St.**  
**Boise, ID 83706**

On underlying construction permit # BDFCDTT-20081022AAG, the transmitter output power was incorrectly stated as .100kW. This also created an error in the effective rated power as well. The corrected transmitter output power is .030kW, and the corrected effective radiated power is .109kW. We have reflected this difference on items 4 and 5 of Section 3.
