ENGINEERING NARRATIVE

This application is for an instant minor change to modify a licensed station, KZOS-LP, City of San Marcos, San Marcos, Texas. Fac ID 134127.

Due to security concerns, the Lower Colorado River Authority, owner of the tower, FCC ASRN 1205479, by letter revoked authority to use the tower. When the application for this station was submitted in the FM low power window, which was prior to 911, security issues were not as relevant. Since 911, security issues are now a top concern and priority in the power distribution industry.

The City of San Marcos was able to obtain the use of a short pole that is located nearby. NAD 27 coordinates are:

29 – 54 – 41 N, 97 – 53 – 56 W

RCAGL changed to 11 meters

This application will not increase or cause any additional interference, as this site is about 75 meters from the current licensed site.
