

**Request Removal of AM Partial Proof Condition  
From WVCY-FM, BXPB-20050823ABV  
VCY America, Inc.**

An AM partial proof was a condition of the CP. The tower structure has existed since 1987 and a partial proof was done at that time on AM stations WSSP and WOKY. The AM stations have not had any adverse effects due to the tower. No new construction/modifications will be required for the auxiliary station.

The auxiliary tower/antenna was the former main transmission system for WVCY-FM. A new main facility was constructed and licensed near the previous location. When the new facility was constructed, the existing antenna system was left in place on the old tower. The antenna structure registrations of the existing towers have been included along with a topographic map indicating the towers.

For the reasons shown, VCY America, Inc., respectfully requests that the Commission grant the instant request.

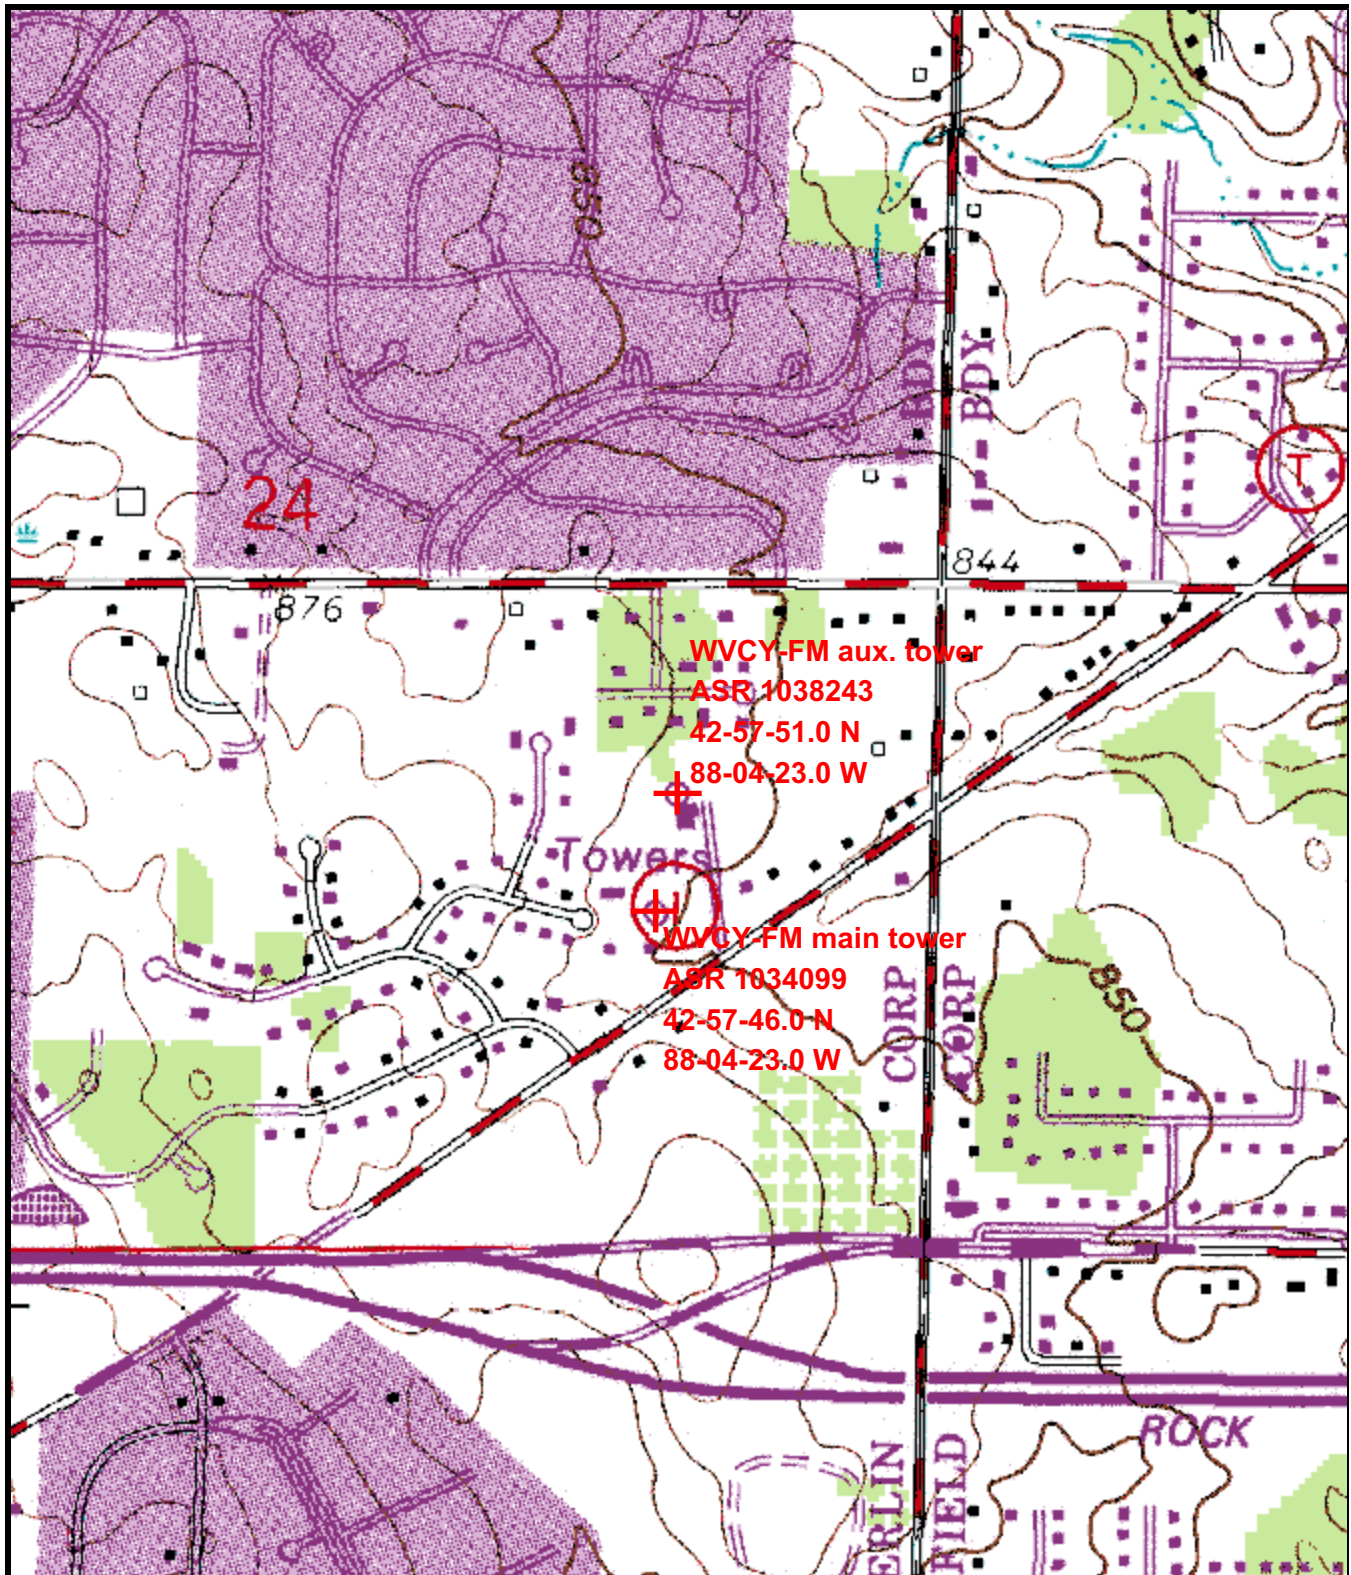

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Vic Eliason". The signature is stylized with a large "V" and "E".

Vic Eliason  
Vice President  
VCY America, Inc.
