**Subject:** W261CX BSTA-20161013AAI granted 10/13 via e-mail

This is in reference to the request filed today, October 13, 2016, on behalf of Astrakel International Ltd. ("Astrakel"), licensee of FM translator W261CX. Astrakel requests Special Temporary Authority (STA) to originate programming over FM translator W261CX from AM station WFAY, Fayetteville, NC (licensed to CRD Radio Holdings, Inc.). WFAY is currently off the air because of flooding caused by Hurricane Matthew.

Because this STA request was just filed today, we cannot yet confirm payment of the STA fee. This STA grant is made subject to the condition that we able to verify the filing fee payment within the next 10 days.

The request for STA IS GRANTED for a period of three months, or until WFAY resumes operation, whichever is sooner. **This authority expires on January 13, 2017.**
