

Bentonville Information

Educational Program

Bentonville Information, Inc. was incorporated on August 27, 2013 in the state of Arkansas

Bentonville Information's educational program consists primarily of informing community members about Bentonville downtown community events and activities. Examples include community group events, art events, live entertainment events, food events and more.

The proposed LPFM station will be used to advance this educational program by broadcasting community information to the downtown Bentonville area. This will help educate residents and keep them abreast of local community information and events

Examples of planned programs are:

- Happenings on the Bentonville Square
- Regional event updates
- Local art events and discussion
- Local food information and events
- Meet prominent members and groups of the community
- Ozark pickin' hour (music from local musicians or local styles)
- Local horticulture and plant advisement

Programs will be initially aired on weekday evenings and rebroadcast appropriately. Music will be interspersed with the airing of the planned programs above.

Bentonville Information, Director
