Broadcast Engineering Group

P.O. Box 1895

Buffalo, New York 14240-1895

This letter will certify that I, William W. Stachowiak, am presently a Radio Broadcast Engineer, holding a valid General Radio Telephone Operator License # PG-20-6523, supervised the assembly and installation of the new antenna for WUBJ, as per factory instructions. This will also certify that pursuant to the special operating conditions or restrictions contained on the construction permit, WUBJ's new antenna orientation was surveyed and verified by a licensed surveyor. In addition, all requirements to protect any persons having access to the site from radio frequency were strictly adhered to according to Federal Communications Commission guidelines during all phases of the orientation.

Signed: William W. Stachowiak (BC)
