Re: File Nos. BNPDTL-20100510AFI and
BNPDTL-20100510AFJ
Facility ID Nos. 186330 and 186331

Dear Applicant:

By letters dated March 4, 2011, the staff dismissed the above-referenced applications for construction permits for new digital low power television stations at Brazil, Indiana because the proposed transmitter sites were located within 121 km of the reference coordinates of Indianapolis, Indiana and Champaign, Illinois.¹ Landover 2 LLC ("Landover") filed timely petitions for reconsideration, stating that it did not intend to specify a site within the prohibited area, and requesting reinstatement of its applications so that it can amend to propose compliant sites.

In view of the foregoing, the petitions for reconsideration filed by Landover ARE GRANTED and the above-referenced applications ARE REINSTATED. Landover is directed to amend to specify new sites within 30 days of the date of this letter.

Sincerely,

Hossein Hashemzadeh
Deputy Chief, Video Division
Media Bureau
