Program Test Authority

DEC 03 2004  
FCC-MAILROOM

Dear Applicant:

The letter is in reference to WPZS's request for program test authority ("PTA") filed November 2, 2004, and the simultaneously filed application for license to cover Construction Permit BPH-20020116AAG, which was granted January 6, 2004.

A review of WPZS's request for program test authority reveals that the facilities were constructed pursuant to the terms and conditions of Construction Permit BPH-20020116AAG, and the provisions of 47 C.F.R. § 73.1620. Accordingly, PTA IS HEREBY GRANTED to commence operation pending further action on WPZS's license application. The effective radiated power is 6.0 kilowatts (H&V) and the transmitter power output is 4.7 kilowatts.

Sincerely,

Rodolfo F. Bonacci  
Assistant Chief  
Audio Division
