

This application seeks consent to the assignment of the licenses of the following stations from Community Broadcasters, LLC to SCORE Advertising, LLC ("Score").

<i>Call Sign</i>	<i>Community of License</i>	<i>Facility ID</i>
WSLB(AM)	Ogdensburg, NY	66663
WQTK(FM)	Ogdensburg, NY	66661
WLFK(FM)	Gouverneur, NY	66658

Neither Score, nor any parties holding attributable interests in Score currently holds any other attributable interests in any broadcast stations or daily newspapers.

None of the stations are listed as "home" to any metro radio market by BIA, nor are they licensed within the geographic boundaries of such market. As a result, this application demonstrates compliance with the ownership rules under the interim contour overlap methodology.

Interim Contour Overlap Methodology: As shown in the map attached at Attachment A, the principal community contours of WQTK(FM) and WSLB(AM), but neither of those stations' contours overlaps that of WLFK(FM). As a result, the proposed ownership creates two markets for multiple ownership analysis.

Ownership of a single station in a market complies with the multiple ownership limits in all markets regardless of size, and as a result, the proposed ownership of WLFK(FM) complies with the multiple ownership rules.

Similarly, pursuant to Section 73.3555(a)(2) of the Commission's rules, common ownership of two stations in different services is permissible in any size market as long the principal community contours of those stations do not overlap that of a third station in which the proposed assignee holds an interest. Accordingly, the proposed ownership of WSLB(AM) and WQTK(FM) also complies with the multiple ownership rules.

Attachment A
