Re: CC Licenses, LLC (CCL)
WELI(AM), New Haven, CT
Facility Identification Number: 11933
Special Temporary Authority
BESTA- 20170421AAO

Dear Mr. Davis:

This is in reference to the request filed on April 21, 2017. CCL requests an extension of the STA granted on September 28, 2010, to operate with parameters at variance pending the filing of the required FCC Form 302 application to update all operating parameters.¹ In support of the request, CCL states that additional time is needed to file the application to obtain a new license.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA is HEREBY GRANTED, and CCL may

¹ WELI(AM) is licensed for operation on 960 kHz with a power of 5 kW ND day and DA night.

continue to operate with parameters at variance and/or reduced power while maintain monitor points within licensed limits. CCL must reduce power or cease operation if complaints of interference are received, and must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **November 16, 2017**.
