

APPLICATION FOR STATION LICNESE
BREWER BROADCASTING CORP.,
WQLK FM RADIO STATION
CH 241B - 96.1 MHZ - 50.0 KW
RICHMOND, INDIANA
March 2013

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Brewer Broadcasting Corp. (“Brewer”), licensee of radio station WQLK, Channel 241B, Richmond, Indiana. Brewer holds a construction permit to correct the coordinates of WQLK (BPH-20101213ABM). This instant application seeks a license to cover the outstanding WQLK construction permit.

There is a single condition indicated on the construction permit. The condition states, “The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromangnetic fields in excess of FCC guidelines.” Brewer understands and pledges compliance with this condition. Based on the foregoing, it is believed that this application for station license WQLK modification is in compliance with the Commission’s rules.
