Re: KDRT-LP, Davis, CA
Facility I.D. No.: 123794
Davis Community Television
BPL-20080509ADB

Dear Applicant:

This letter refers to the above-captioned application for a minor change to change to channel 239L1 in Davis, CA.

In the application, Davis Community Television proposes to operate on channel 239, pursuant to the second adjacent channel waiver procedures adopted by the Commission in its Third Report and Order in *Creation of a Low Power Radio Service*.¹ In accordance with these procedures, this letter constitutes approval to operate under special temporary authority ("STA") with the following facilities:

Geographic coordinates:	38° 32' 57" N, 121° 43' 50" W (NAD 27)
Channel	239
Effective radiated power:	0.100 kilowatt
Antenna height:	
above ground:	14 meters
above mean sea level:	27 meters
Above average terrain:	15 meters

The staff has tentatively concluded that the KDRT-LP application meets the requirements of the Second-Adjacent Channel Waiver Standard and is otherwise acceptable for filing. An engineering analysis has determined that there are no alternate, fully spaced, and rule compliant channels available. Application BPL-20080509ADB will be retained in pending status and the request for STA IS HEREBY GRANTED. STAs issued pursuant to these procedures will be subject to any action taken by the Commission in the *Second Further Notice*. The Commission

¹ *Creation of a Low Power Radio Service*, Third Report and Order and Second Further Notice of Proposed Rulemaking, 22 FCC Rcd 21912, 21939-40 (2007).

will withhold final determination of the waiver request until action on the *Second Further Notice* proposals.

In addition, while operating with this Special Temporary Authority, KDRT-LP shall, every 3 months, starting on October 1, 2008, submit a detailed interference report to the Audio Division, Attn: Deputy Chief, Engineering, 445 12th St., SW, Washington, DC 20554. This report must describe any complaints received regarding the reception of KUIC(FM), Vacaville, CA on Channel 237B1 and KYMX(FM), Sacramento, CA on Channel 241B, in addition to any assistance provided to the complainants, along with the outcome of such assistance. Failure to submit the requested information will result in the suspension of operating authority on Channel 239. Finally, KDRT-LP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **December 20, 2008**.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
