Note a) This inventory list is believed to be accurate as per WLUIJ's engineer, but a recent inventory hasn't been taken to confirm it and some of the listed items may have been disposed of. The Buyer is welcome to conduct their own inventory if they wish.

Note b) The Group names in this list are not completely accurate as a substantial amount of listed equipment has been assigned to "WLUIJ" rather than to the actual Callsign the equipment is actually used for. This is because WLUIJ is the "flagship" station and this Equipment List was provided by our Accountant who designed it for tax purposes and not as an Inventory List.

The Intangible Assets include:
