EDUCATIONAL ELIGIBILITY

The Applicant certifies that it is a nonprofit educational organization organized under the laws of the Commonwealth of Pennsylvania.

The applicant certifies that the Commission has previously granted a broadcast application identified here by file number BNPED-20000118AEQ that found this applicant qualified as a noncommercial educational entity with a qualifying educational program, and that the applicant will use the proposed station to advance a program similar to that the Commission has found qualifying in the applicant's previous application.

The applicant certifies that its governing documents (e.g., articles of incorporation, by-laws, charter, enabling statute and/or other pertinent organizational document) permit the applicant to advance an educational program and that there is no provision in any of those documents that would restrict the applicant from advancing an educational program or complying with any Commission rule, policy, or provision of the Communications Act of 1934, as amended. In particular, the educational purpose of the corporation is outlined in Article 3 of the Articles of Incorporation which states "To operate a non-commercial educational broadcasting station(s) and to provide an educational broadcasting service designed to serve civic and community needs within the broadcast coverage area. This service will include educational, cultural, religious and public interest programming".
