REPRESENTATIONS AND WARRANTIES OF SELLER

Subject to Purchaser's obligations under the LMA, as of the date hereof and on the Closing Date, Seller represents and warrants to Purchaser as follows:

3.1 Good Standing. Seller is a corporation duly organized, validly existing, and in good standing under the laws of the State of Missouri. Seller has all requisite power and authority (a) to own, lease, and use the Assets as presently owned, leased, and used, (b) to conduct the business and operations of each of the Stations as presently conducted, and (c) to execute and deliver this Agreement and the documents contemplated hereby, and to perform and comply with all of the terms and conditions to be performed and complied with by Seller hereunder and thereunder. Seller holds all material rights, franchises, licenses, permits, authorizations, and approvals (governmental and otherwise), including the licenses and permits issued by the FCC, necessary to own and operate its properties and to carry on and conduct the business of each of the Stations as it is presently carried on and conducted. Seller is not a participant in any joint venture or partnership with any other person or entity with respect to any part of the Station's operations or the Assets.

3.2 Right, Power and Authority. Seller has taken all requisite action in order to authorize the execution, delivery, and performance of this Agreement and the consummation of the sale of the Assets and the other transactions contemplated hereby. This Agreement and the Escrow Agreement have been duly executed and delivered by Seller and are the legal, valid, and binding obligations of Seller enforceable against Seller in accordance with their terms, except to the extent limited by (i) bankruptcy, insolvency, moratorium, and other laws of general applicability relating to or affecting the enforcement of creditors right's, (ii) principles of public policy, and (iii) court-applied general principles of equity.

3.3 No Conflicts or Defaults. Neither the execution, delivery, nor performance of this Agreement by Seller, nor the consummation of the sale and purchase of the Assets or any other transaction contemplated hereby, after the giving of notice, or the lapse of time, or both, (a) conflicts with, results in a breach of, or constitutes a default under the certificate of incorporation, bylaws or other organizational instrument of Seller, or any Federal, state or local law, statute, ordinance, rule, or regulation, or any court or administrative order or process applicable to Seller; (b) conflicts with, constitutes grounds for termination of, results in an organizational breach of, constitutes a default under, violates any right of first refusal or similar right granted to a third party under, or accelerates or permits the acceleration of any performance required by the terms of, any contract, agreement, arrangement, commitment, plan,

instrument, license, or permit to which Seller is a party or by which Seller or the Assets are bound and which relates to the ownership or operation of each of the Stations or the Assets; provided, however, that certain Assumed Contracts listed in Schedule 1.1(c) hereto are not assignable without the consent of another party; or (c) results in the creation of any mortgage, pledge, lien, claim, liability, charge, condition, or encumbrance, other than Permitted Liens, upon any of the Assets utilized or required in connection with the operation of the Station, other than as expressly contemplated by this Agreement.

3.4 Broker's Fee. Neither this Agreement, nor the sale and purchase of the Assets contemplated by this Agreement, was induced or procured through the services of any person, firm, corporation, or other entity acting on behalf of or representing Seller as broker, finder, investment banker, financial advisor, or in any similar capacity, except for Media Services Group, whose fees, expenses and commissions shall be the sole responsibility of Seller and shall be paid in full upon Closing.

3.5 FCC Licenses and Other Authorizations. Seller legally holds the FCC Licenses and other Authorizations identified on Schedule 1.1(a) hereto. Schedule 1.1(a) includes a true and complete list of all FCC Licenses and all other Authorizations, except as otherwise noted therein. Seller has delivered to Purchaser true and complete copies of the Authorizations (including any and all amendments and other modifications thereto). The FCC Licenses and other Authorizations were validly issued and are in full force and effect, unimpaired by any act or omission by Seller or its members, managers, officers, directors, employees or agents. The FCC has renewed the FCC Licenses for each of the Stations for the full license terms normally granted to radio broadcast stations in the state of Missouri without any "materially adverse condition" (as defined in Section 5.1(b)). Other than the FCC Licenses and the other Authorizations set forth in Schedule 1.1(a) hereto, and except as set forth on Schedule 3.5 hereto, no franchises, licenses, permits, approvals, or authorizations are required in order for Seller to legally own and operate each of the Stations in the manner and to the full extent that it is operated on the date hereof and on the Closing Date, and none of the FCC Licenses or other Authorizations are subject to any restriction or condition which would limit the full operation of the each of the Stations as required by the FCC and as presently operated or as operated on the Closing Date, other than (a) restrictions set forth in the FCC Licenses and other Authorizations on the date hereof, and (b) restrictions of general applicability to the radio broadcasting industry as a whole. Other than proceedings of general applicability affecting or purporting to affect all similarly-situated radio broadcasting stations, there is not now pending or, to the knowledge of Seller, threatened: (a) any action or proceeding by or before the FCC or by or before any other governmental body to revoke, refuse to renew, or modify the FCC Licenses or any other Authorizations; or (b) any petition, investigation, inquiry, complaint, notice of violation, notice of apparent liability, or notice of forfeiture against the Stations or against Seller with respect to the Stations. No applications are currently pending before the FCC with respect to the Stations. Except as provided in that certain Facilities Memorandum dated the date hereof (the "Facilities Memorandum"), no applications are currently pending before the FCC with respect to the Stations.

3.6 FCC Compliance. Except as described on Schedule 3.6 hereto, each of the Stations, its respective physical facilities, electrical and mechanical systems, and transmitting and studio equipment are operated in all material respects in accordance with the specifications

of the FCC Licenses and the rules and regulations of the FCC. Without limiting the foregoing, all transmission towers and equipment have been operated and maintained by Seller in material compliance with the Communications Act of 1934, as amended, and with the rules and regulations of the FCC and the FAA and all such towers have been approved by the FAA and properly registered with the FCC as necessary. The operation of each of the Stations does not cause or result in the exposure of workers or the general public to levels of radio frequency radiation in excess of the exposure limits set out in 47 C.F.R. §1.1310. To Seller's knowledge, none of the Stations is causing or receiving electrical interference to any other station or communications facility in violation of the FCC rules and regulations and Seller has not received any complaints or allegations of such interference. All reports and other filings required by the FCC with respect to each of the Stations have been duly and currently filed in all material respects, and except as would not reasonably be expected to have a material adverse effect on the value or operations of the Stations, all such filings have been timely placed in each of the respective Stations' public inspection file as required by the rules and regulations of the FCC. Seller has complied with the recruitment and other requirements under the FCC's rules and policies governing Equal Employment Opportunities and placed an EEO Public File Report in the respective public inspection file of each of the Stations by February 1, 2006. Sellers have paid all annual FCC regulatory fees assessed by the FCC for the Stations, and are not delinquent on any debt owed to the FCC, and are eligible to receive FCC benefits under the FCC's "Red Light Display System." Seller agrees, at its sole expense, to take any and all actions referenced in the Facilities Memorandum.

3.7 Seller Qualifications. Seller is qualified to hold and to assign the FCC Licenses. Seller has no reason to believe that either the assignment of FCC Licenses contemplated herein or the next renewal of the FCC Licenses might be challenged or might not be granted by the FCC in the ordinary course.

3.8 Title to Assets. Seller has good and marketable title to all of the Assets, free and clear of any mortgages, pledges, liens, encumbrances, or other charges or rights of others of any kind, except for (a) Permitted Liens and (b) the mortgages, pledges, liens, encumbrances, or other charges or rights of others listed in Schedule 3.8 all of which will be removed on or before the Closing Date.

3.9 Real Estate and Leases. (a) Schedule 1.1(e) is a complete and correct list of (i) all Real Property owned in whole or in part by Seller together with, in each case, a brief description of such Real Property, including the area and the current uses thereof, the record title holder thereof, the location thereof, the material improvements thereon and all indebtedness secured by any Encumbrance thereon, and (ii) all Real Property leased in whole or in part by any Seller ("Leases"), together with, in each case, a brief description of such property or premises, including the area and the current uses thereof, the name of the lessor and other material provisions of the applicable leases with respect thereto, including any requirement of consent of any person or entity (including the lessor of any such Real Property) to the transfer, assignment or subletting thereof. Schedule 1.1(e) also lists all guarantees of any leases for Real Property given by any Seller. Complete and correct copies of all deeds, mortgages, deeds of trust, leases, guarantees of leases, subleases and other documents (as the same may have been amended or otherwise modified) concerning all Real Property used in the businesses and the interests of the Seller therein have been delivered to the Purchaser. Seller has legal and valid occupation of and

permits and other required licenses or governmental approvals for each of the properties and premises owned, leased, used or occupied by Seller (copies of which have been delivered to the Purchaser). Every Lease to which Seller is a party is legal, valid and binding as between such Seller and the other party or parties thereto and is in full force and effect and such Seller is a tenant in good standing thereunder, free of any default or breach whatsoever and quietly enjoys the premises provided for therein. Seller is not in default, and to Seller's knowledge no related lessor is in default, under any of the Leases. Rental and other payments due under each of the Leases have been duly made, each act required to be performed which, if not performed, would constitute a material breach thereof has been duly performed and no act forbidden to be performed has been performed thereunder which, if presented, would constitute a material breach thereof. No improvement, fixture or equipment in or on any such Real Property, nor the occupation or leasehold with respect thereto, is in violation of any law in any material respect, including, without limitation, any zoning, building, safety, health or environmental law, and each of such premises and properties is zoned for the purposes for which each of such premises or properties is currently being used. Seller does not have any assets (whether real or personal property) used in said business located at any location other than the Real Property and the leased property.

(b) The Seller has good and marketable title to all such owned Real Property, free and clear of all encumbrances except for (i) the Permitted Liens, (ii) liens for current taxes not yet due and payable and (iii) encumbrances set forth on Schedules 1.1(e) and 3.8.

(c) There are no pending, or to the actual knowledge of Seller, threatened, condemnation or similar proceedings or assessments affecting the Real Property.

3.10 No Litigation or Violations of Law.

(a) Except for matters affecting the radio broadcasting industry generally, and except for those matters set forth in Schedule 3.10(a) hereto, there is no litigation at law or in equity, no arbitration proceeding, and no proceeding before or by any court, commission, agency, or other administrative or regulatory body or authority, pending or, to the knowledge of Seller, threatened, which would reasonably be expected to have a material adverse effect upon each of the Stations or Seller's ability to perform in accordance with the terms of this Agreement.

(b) Except as disclosed in Schedule 3.10(b) hereto, there is no labor trouble, dispute, grievance, controversy, strike, union representation, or request for union representation pending, or, to the knowledge of Seller, threatened, against Seller relating to or affecting the business or operation of each of the Stations.

(c) Seller owns, leases and operates its properties and assets, and carries on and conducts the business and affairs of each of the Stations, in material compliance with all Federal, state, and local laws, statutes, ordinances, rules, and regulations. To Seller's knowledge, neither the ownership or use of its properties, nor the conduct of the business or operations of each of the Stations, conflicts in any material way with the rights of any other person, firm, corporation or entity.

(d) All transmitting towers, related improvements, guy anchors of the transmitting towers, ground systems and transmitter buildings used by Seller in the operation of each of the Stations are free of structure defects, suitable for their intended use, in good maintenance and repair (reasonable wear and tear excepted) and located entirely on the Real Property.

3.11 Intellectual Property. All patent, trademark, trade name, service mark, or brand name registrations and copyright registrations, licenses, permits, jingles, privileges, and other similar intangible property rights and interests and all pending applications or applications to be filed, if any, therefor, owned by Seller and used in the operation of each of the Stations are disclosed in Schedule 1.1(d) hereto. Seller has delivered to Purchaser copies of all documents, establishing or supporting Seller's claim to such rights, licenses, or other authority. To the knowledge of Seller, the ownership and operation of each of the Stations and the Assets, as presently owned and operated, do not infringe upon or conflict in any material respect with any patent, trademark, trade name, service mark, brand name or copyright of any other person, firm, corporation, or entity.

3.12 Contracts. Schedule 1.1(c) hereto sets forth (a) all program contracts, real and personal property leases, and other contracts, agreements, and commitments to which Seller or any of the Stations is a party as of the date hereof and which relate to the Assets, or the operation of the business or affairs of any of the Stations, and (b) all leases under which Seller is the lessee or lessor of tower space on any tower included in the Assets or used in the operation of the business of each of the Station. Contracts and leases marked with an asterisk on Schedule 1.1(c) are deemed material to this transaction (the "Material Contracts"). Seller has made available to Purchaser, true and complete copies of all such written contracts, leases, agreements, and commitments, and true and complete memoranda of all material oral contracts, leases, agreements, and commitments (including any and all amendments and other modifications to such contracts). Except as otherwise disclosed in Schedule 1.1(c) hereto, all of the Material Contracts (as of the date hereof) are in full force and effect, and are valid, binding, and enforceable in accordance with their terms, subject to the qualifications set forth in clauses (i), (ii) and (iii) of Section 3.2 hereof. Seller is not in material breach, nor to Seller's knowledge is any other party in material breach, of the terms of any of the Material Contracts. Except as expressly set forth in Schedule 1.1(c) and Schedule 3.12, Seller is not aware of any intention of any party to any Material Contract (a) to terminate such Material Contract, or to amend the terms thereof, (b) to refuse to renew the same upon its expiration of its term, or (c) to renew the same upon its expiration only upon terms and conditions which are less favorable to Seller. Except as disclosed on Schedule 1.1(c), all oral contracts set forth thereon are terminable by Seller at will or upon no more than thirty (30) days notice. Assuming that the Consents (as defined in Section 5.16) shall have been obtained, and except as set forth on Schedule 3.12, Seller has full legal power and authority to assign its rights under the Material Contracts to Purchaser in accordance with this Agreement, and such assignment will not affect the validity, enforceability, and continuation of any of the Material Contracts.

3.13 Insurance. Except as provided in Schedule 3.13 hereto, Seller has in full force and effect insurance insuring the properties and assets of each of the Stations included in the Assets. Seller will make available to Purchaser, at Purchaser's request, copies of such insurance policies.

3.14 Assets in Good Repair. Subject to the terms of the Facilities Memorandum, the Assets are in good operating condition and repair (ordinary wear and tear excepted), are free from material defect and damage, are functioning in the manner and for the purposes for which were intended, have been maintained in accordance with generally accepted standards within the radio broadcasting industry, do not now require any repairs other than routine maintenance and are available for immediate use in the business or operations of each of the Stations in the ordinary course of business. Each of the Stations' transmitting facilities are being operated at full power as authorized by the FCC Licenses and in accordance with manufacturer's specifications. Seller agrees, at its sole expense, to take any and all actions referenced in the Facilities Memorandum.

3.15 Operational Assets.

(a) The Assets, and those additional properties and assets of Seller identified in Section 1.2 hereof, constitute all of the assets and properties that Seller owns or leases in connection with its operation of each of the Stations as of the date hereof. There are no assets necessary, used or held for use for and/or useful to effectively conduct each of the Stations' business as presently conducted by Seller, which are (i) not owned by Seller and (ii) not included in the Assets being conveyed to Purchaser hereunder.

(b) Schedule 1.1(b) hereto contains a description of all material items which comprise all personal property necessary to conduct the business or operations of each of the Stations as now conducted, except for those assets described in Section 1.2 hereof and except for items of property with an aggregate fair market value not in excess of One Thousand Dollars (\$1,000). The Assets will permit each of the Stations to be operated by Purchaser in substantially the manner currently operated by Seller and substantially in accordance with the terms of the FCC Licenses and the rules and regulations of the FCC, and with all other applicable Federal, state, and local statutes, ordinances, rules and regulations.

3.16 Required Consents. Except for the FCC Consent and the Consents described in Schedule 3.16 hereto, as described in Section 5.17 hereof, no consent, approval, permit, or authorization of, or declaration to, or filing with, any governmental or regulatory authority or any other third party is required to be obtained by Seller in order (a) to consummate the transactions contemplated by this Agreement, or (b) to permit Seller to assign or transfer the Assets to Purchaser.

3.17 Employee Benefits. Schedule 3.17 hereto contains a complete list of all of the employees of each of the Stations as of the date hereof, the rate of pay for each such employee, and a list of all Employee Benefit Plans, as defined in Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or any other "Compensation Arrangements," whether or not written, applicable to the employees of Seller or any entity related to Seller (under the terms of Section 414 of the Internal Revenue Code of 1986 (the "Code")). For purposes of the preceding sentence, "Compensation Arrangements" means any bonus, deferred compensation, incentive compensation, stock purchase, stock option, severance or termination pay, or profit sharing plan, program, agreement, or arrangement and any other employee benefit plan, program, agreement or arrangement for the benefit of any current or former employee, director, or independent contractor. Seller has furnished Purchaser with true

and complete copies of any contracts with employees of each of the Stations. Seller is not aware of the existence of any pending, threatened or anticipated governmental audit or examination of any such Employee Benefit Plan or Compensation Arrangement. There exists no action, suit, or claim (other than routine claims for benefits) with respect to any such plans or arrangements pending, or, to the knowledge of Seller, threatened or anticipated, against any such Employee Benefit Plan or Compensation Arrangement. Except for the Assumed Contracts, neither Purchaser nor any entity related to Purchaser under Section 414 of the Code, or any officer, director, partner, employee, or affiliate of the same, shall have any liability, obligation, or responsibility with respect to claims or liabilities arising or accruing under any Employee Benefit Plan or Compensation Arrangement maintained or provided by Seller or any other entity related to Seller under Section 414 of the Code which relates to any period whatsoever. Seller has complied in all material respects with Part 6 of Subtitle B of Title I of ERISA or Section 4980B of the Code (hereinafter collectively referred to as “COBRA”), and will provide such continuation of health benefit coverage to the extent required by reason of the events occurring prior to or on the Closing Date or by reason of the transactions contemplated by this Agreement. Neither Purchaser nor any entity related to Purchaser under Section 414 of the Code, or any officers, directors, partners, employees, or affiliates of the same, shall have any liability, obligation, or responsibility with respect to penalties, claims, or liabilities arising or accruing under COBRA with respect to any group health plan maintained by or contributed to by Seller or any entity related to Seller under Section 414 of the Code.

3.18 Labor Matters. Seller is not party to, or subject to any, collective bargaining agreements with respect to each of the Stations. Seller has no written or oral contracts of employment with any employee of each of the Stations, other than (a) oral employment agreements terminable at will without penalty, or (b) those listed in Schedule 1.1(c). Seller has provided Purchaser with true and complete copies of all such written contracts of employment, and true and accurate memoranda of any such oral contracts, to the extent such memoranda exist. Except as disclosed in Schedule 3.10(b) hereto, Seller has received no notice alleging that Seller has failed to comply in any material respect with all applicable laws, rules, and regulations relating to the employment of labor, including those related to wages, hours, collective bargaining, occupational safety, discrimination, and the payment of social security and other payroll-related taxes. No controversies, disputes, or proceedings are pending, or, to Seller’s knowledge, threatened or anticipated, between Seller and the employees (singly or collectively) of each of the Stations, except as disclosed in Schedule 3.10(b) hereto. No labor union or other collective bargaining unit represents, or, to Seller’s knowledge, claims to represent any of the employees of each of the Stations. To Seller’s knowledge, there is no union campaign being conducted to solicit cards from employees to authorize a union to request a National Labor Relations Board certification election with respect to any of Seller’s employees at each of the Stations.

3.19 Taxes. Except as would not reasonably be expected to have an adverse effect on the value or operation of the Stations, Seller has filed or caused to be filed all Federal income tax returns and all other Federal, state, county, local, or city tax returns which are required to have been filed by Seller, and Seller has paid or caused to be paid all taxes shown on said returns or on any tax assessment received by Seller to the extent that such taxes have become due, or has set aside on its books reserves (segregated to the extent required by generally accepted accounting practices) deemed by Seller to be adequate with respect thereto, except for

any such taxes or assessments that are being contested in good faith in an appropriate proceeding and for which adequate reserves have been established by Seller. Except as specifically disclosed or scheduled there is no known, or to Seller's knowledge threatened or anticipated tax liability. No events have occurred which could impose upon Purchaser any transferee liability for any taxes, penalties, or interest due or to become due from Seller.

3.20 Reports. All material returns, reports, and statements which each of the Stations is currently required to have filed with the FCC or with any other governmental agency have been filed, and all material reporting requirements of the FCC and other governmental authorities having jurisdiction over each of the Stations have been complied with. All of such reports, returns, and statements are complete and correct as filed. Each of the Stations' public inspection files are located at the respective Stations' main studio and are in material compliance with the FCC's rules and regulations.

3.21 Financial Statements. (a) Attached as Schedule 3.21 are true and complete copies of the consolidated unaudited balance sheets and statements of income for the Stations for the fiscal years ended December 31, 2003, December 31, 2004 and December 31, 2005 (the "Financial Statements"). The Financial Statements have been compiled from the books and records of Seller in accordance with generally accepted accounting practices consistently applied ("GAAP") and maintained throughout the periods indicated and include all corporate allocations that would be reflected in operations, and present fairly, in all material respects, the financial condition of the Stations as of the respective dates and the results of operations of the Stations for the periods then ended.

(b) The Stations had Nine Hundred Seventeen Thousand Two Hundred Four Dollars (\$917,204) in adjusted broadcast cash flow for the twelve month period beginning January 1, 2005 and ended December 31, 2005. Broadcast cash flow is determined in accordance with the definition set forth in Schedule 3.21(b).

3.22 No Changes. Since December 31, 2004, Seller has conducted the business and operations of each of the Stations only in the ordinary course, and there has not been:

(a) any material adverse change in the operational condition (financial or otherwise) of the Seller or any of the Stations, including any material damage, destruction, or loss affecting the Assets or any loss or damage that prevents any of the Stations from broadcasting;

(b) any sale, assignment, lease, or other transfer of any of the Assets, other than in the normal and usual course of business, with suitable replacements being obtained therefor to the extent required by this Agreement;

(c) with respect to each of the Stations, any incurrence of debt, liability or obligations, except for obligations arising from the purchase of goods or the rendition of services in the ordinary course of business;

(d) any material increase in compensation payable or to become payable to each of the Stations' employees other than those in the normal and usual course of business or in

connection with any change of each of the Stations' employee's responsibilities, or any bonus payment made or promised to each of the Stations' employees, or any material change in personnel policies, employee benefits, or other compensation arrangements affecting each of the Station's employees;

(e) any canceled debts owed to or claims held by Seller with respect to the business and operations of each of the Stations, except in the normal and usual course of business;

(f) any changes in Seller's accounting practices with respect to the business and operations of each of the Stations;

(g) any material write-down of the value of any Assets or any material write-off as uncollectible of any Accounts Receivable (as defined in Section 5.12 below); or

(h) any transfer or grant of any right under, or any settlement regarding the breach or infringement of, any license, patent, copyright, trademark, trade name, franchise, or similar right, or modification of any existing right, in each case used in the operation of each of the Stations.

(i) the Assets have not been mortgaged, pledged or subjected to any Lien.

3.23 Environmental Matters. Except as disclosed on Schedule 3.23:

(a) Each of the Stations and any and all Real Property are, and to Seller's knowledge with respect to any predecessor or prior owner, operator or lessee (each a "Predecessor") have been, in compliance, in all material respects, with all Environmental Laws (as defined in Section 3.23(f)). Seller has obtained all environmental permits from government agencies or authorities that are necessary with respect to the Real Property or any of the Stations, such permits are in full force and effect, and Seller and each of the Stations are in full compliance with such permits.

(b) No judicial or administrative proceedings are pending or, to the knowledge of Seller threatened against Seller, relating to any of the Real Property, alleging the violation of or seeking to impose liability on Seller pursuant to any Environmental Law. Seller has not received any written notice or claim or other written communication from any government or any agency, bureau, board, commission, court, department, official, political subdivision, tribunal or other instrumentality of any government, whether federal, state or local, domestic or foreign or other person alleging the violation of or liability under any Environmental Laws in connection with any of the Real Property or operations thereon.

(c) There are no facts, circumstances or conditions associated with the Real Property or the operations thereon known to Seller that could reasonably be expected to give rise to an environmental claim against any of the Stations or the owner or operator thereof or result in any of the Stations or the owners or operators thereof incurring material Environmental Costs and Liabilities (as defined in Section 3.23(f)).

(d) All substances, materials or waste that are regulated by federal, state or local government under the Environmental Laws as hazardous, toxic or a pollutant or contaminant as well as any petroleum or petroleum derived product (collectively, "Hazardous Substances"), used or generated by Seller or to Seller's knowledge, by any Predecessor in connection with the Real Property, have been stored, used, treated, and disposed of by such persons or on their behalf in such manner as not to result in any material Environmental Costs or Liabilities.

(e) Except as set forth in Schedule 3.23(e), there are not now, nor have there been in the past, on, in or under any Real Property when owned, leased or operated by Seller or, to Seller's knowledge, when owned, leased or operated by any Predecessor, any of the following: (i) underground storage tanks, above-ground storage tanks, dikes or impoundments containing Hazardous Substances, (ii) asbestos containing materials, (iii) polychlorinated biphenyls or related compounds (other than those labeled and maintained in accordance with applicable Environmental Laws) in amounts or concentrations regulated under the Environmental Laws or (iv) radioactive substances in amounts or concentrations regulated under the Environmental Laws.

(f) For purposes of this Agreement, the following terms shall have the following meanings: "Environmental Laws" shall mean all applicable Federal, state and local laws, statutes, codes, rules, regulations, common law or other legal requirements relating to the environment, natural resources, and public or employee health and safety; and "Environmental Costs and Liabilities" shall mean any losses, including environmental remediation costs, liabilities, obligations, damages, fines, penalties or judgments, arising from or under any Environmental Law or order of or agreement with any government or any agency, bureau, board, commission, court, department, official, political subdivision, tribunal or other instrumentality of any government, whether federal, state or local, domestic or foreign or other person.

3.24 Affiliate Transactions. There is no Assumed Contract or other arrangement or accommodation between Seller and an affiliate of Seller which relates to any real or personal property lease or any asset necessary, used or held for use for and/or useful to effectively conduct each of the Stations' business as presently conducted by Seller, except for such arrangements which are set forth on Schedule 3.24 (the "Affiliate Arrangements"). All Affiliate Arrangements shall be terminated at or prior to the Closing and the assets and/or real property to which they relate shall be included in the Assets being conveyed to Purchaser hereunder.

3.25 Disclosure. Neither this Agreement, nor any schedule or exhibit hereto or any certificate, document or other statement delivered to Purchaser by Seller, its affiliates or their officers, directors, employees or agents, in connection with the transactions contemplated herein, contains any untrue statement of a material fact or omits any statement of material fact necessary to make the statements contained in this Agreement, or in any schedule or exhibit hereto or any certificate, document or other statement delivered to Purchaser by Seller, its affiliates or their officers, directors, employees or agents, in connection with the transactions contemplated herein, not misleading.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES OF PURCHASER

As of the date hereof and on the Closing Date, Purchaser represents and warrants to Seller as follows:

4.1 Good Standing. Purchaser is a corporation, validly organized and in good standing under the laws of the State of Delaware.

4.2 Right, Power and Authority. Purchaser has the full power and authority to enter into, to execute and deliver, and to perform its obligations under, this Agreement, the Escrow Agreement, and any other instruments contemplated hereby, and Purchaser has taken all requisite action in order to authorize the execution, delivery, and performance of this Agreement and the Escrow Agreement, and the transactions contemplated hereby and thereby. This Agreement and the Escrow Agreement have been duly executed and delivered by Purchaser and are the legal, valid, and binding obligations of Purchaser, enforceable against Purchaser in accordance with their terms, except to the extent limited by (i) bankruptcy, insolvency, moratorium, and other laws of general applicability relating to or affecting the enforcement of creditors right's, (ii) principles of public policy, and (iii) court-applied general principles of equity.

4.3 Purchaser Qualifications. Except as disclosed on Schedule 4.3 hereto, there is no fact known to Purchaser that would, under the Communications Act of 1934, as amended, and the rules, regulations and policies of the FCC, each as in effect on the date of this Agreement, disqualify Purchaser from holding the FCC Licenses, and Purchaser has taken no action that would be likely to cause such disqualification prior to the Closing Date.

4.4 No Conflicts or Defaults. Neither the execution, delivery, nor performance of this Agreement by Purchaser, nor the consummation of the sale and purchase of the Assets or any other transaction contemplated hereby or thereby, after the giving of notice, or the lapse of time, or both, (a) conflicts with, results in a breach of, or constitutes a default under the certificate of incorporation, bylaws or other organizational instrument of Purchaser, or any Federal, state, or local law, statute, ordinance, rule, or regulation, or any court or administrative order or process applicable to Purchaser, or (b) conflicts with, constitutes grounds for termination of, results in a breach of, constitutes a default under, or accelerates or permits the acceleration of any performance required by the terms of, any material contract, agreement, arrangement, commitment, plan, instrument, license, or permit to which Purchaser is a party or by which Purchaser is bound and which might materially affect Purchaser's ability to perform its obligations under this Agreement.

4.5 Required Consents. Except for the FCC Consents and consents to assignment of the Assumed Contracts, no consent, approval, permit, or authorization of, or declaration to, or filing with, any governmental or regulatory authority or any other third party is required to be obtained by Purchaser in order (a) to consummate the transactions contemplated by this Agreement, or (b) to permit Purchaser to acquire the Assets from Seller.

4.6 Broker's Fee. Neither this Agreement, nor the sale and purchase of the Assets contemplated by this Agreement, was induced or procured through the services of any person, firm, corporation, or other entity acting on behalf of or representing Purchaser as broker, finder, investment banker, financial advisor, or in any similar capacity.

4.7 Litigation. Except for matters affecting the radio broadcasting industry generally, there is no litigation at law or in equity, no arbitration proceeding, and no proceeding before or by any court, commission, agency, or other administrative or regulatory body or authority, pending or, to the knowledge of Purchaser, threatened, that would reasonably be expected to have a material adverse effect upon Purchaser's ability to perform in accordance with the terms of this Agreement.

ARTICLE V

COVENANTS

5.1 FCC Approval.

(a) Purchaser and Seller shall jointly file with the FCC substantially complete applications (the "Applications") to request the FCC's consent to the voluntary assignment of the FCC Licenses from Seller to Purchaser (the "FCC Consent") within five (5) business days after the execution and delivery of this Agreement; provided, however, that if any FCC-imposed freeze on the filing of broadcast license assignment applications is in effect during such five (5) business day period, then the Applications shall be filed not more than five (5) business days after such freeze is lifted. Purchaser and Seller shall each pay its own expenses in connection with the preparation and prosecution of the Applications and shall share any filing fee associated with the Applications equally. Seller and Purchaser shall prosecute the Applications before the FCC, including opposing any petitions to deny filed against the Applications, with all reasonable diligence, in order to obtain the FCC Consent promptly and in order to carry out the provisions of this Agreement. If FCC reconsideration or review, or if judicial review shall be sought with respect to the FCC Consent by a third party or upon the FCC's own motion, Purchaser and Seller shall cooperate in opposing such requests for FCC reconsideration or review or for judicial review.

(b) If the FCC Consent shall impose any adverse condition upon any party hereto, such party shall use its commercially reasonable efforts to comply with such condition. If any party to this Agreement shall seek FCC reconsideration or review, or judicial review, of a materially adverse condition imposed by the FCC, the other party shall cooperate fully with the party seeking reconsideration or review of such condition; provided, however, that neither party shall seek or cause to be sought, without the prior written consent of the other party, FCC reconsideration or review, or judicial review, of any condition or qualification that is not a materially adverse condition. For purposes of this Agreement, a "materially adverse condition" shall not include any condition generally applicable to the broadcast industry or a transaction of this kind.

5.2 Cooperation. Purchaser and Seller shall cooperate fully with each other and with their respective counsel and accountants in connection with any actions required to be

taken as part of their respective obligations under this Agreement, and Purchaser and Seller shall execute such other documents as may be necessary and reasonable for the implementation and consummation of the transactions contemplated by this Agreement, and otherwise use their commercially reasonable efforts to consummate the transactions contemplated hereby and to fulfill their obligations hereunder. Notwithstanding the foregoing, Seller and Purchaser shall have no obligation (a) to expend funds out-of-pocket in order to obtain the Consents, or (b) to agree to any material adverse change to any Assumed Contract in order to obtain a Consent with respect thereto.

5.3 Facilities Memorandum. Seller shall be bound by the terms of the Facilities Memorandum.

5.4 Risk of Loss.

(a) The risk of loss or damage to the Assets shall be upon Seller at all times prior to the Closing. In the event of loss or damage, Seller shall promptly notify Purchaser thereof (the “Seller’s Risk of Loss Notice”) and if the lost or damaged Assets are capable of being replaced or repaired for an aggregate amount less than \$250,000, then Seller shall, at its sole cost and expense, replace or repair such Assets prior to the Closing or deliver to Purchaser at the Closing an amount in cash equal to the cost of replacement or repair of such Assets, as mutually agreed in good faith by Purchaser and Seller. Notwithstanding the foregoing, if the amount required to replace or repair such Assets exceeds \$250,000, Seller may elect in the Seller’s Risk of Loss Notice not to replace or repair such Assets (which election must be set forth in Seller’s Risk of Loss Notice); provided, however, that in such event Purchaser, at its option, may elect within thirty (30) days after receipt of the Seller’s Risk of Loss Notice to terminate this Agreement without either party being subject to a claim by the other for liquidated damages or any other claims for damages, or waive any default or breach with respect to the loss or damage and receive a \$250,000 credit at Closing. Either party may extend the Closing Date by up to thirty (30) days in order to allow Seller to complete the repair or replacement.

(b) Seller shall use its commercially reasonable efforts to avoid any of the Stations being off the air for three (3) or more consecutive days or five (5) or more days in any thirty (30) day period. Seller shall give prompt written notice to Purchaser if either of the following (a “Specified Event”) shall occur: (i) the regular broadcast transmissions of each of the Stations in the normal and usual manner are interrupted or discontinued for more than twenty-four (24) hours in any fourteen (14) day period, on a cumulative basis, whether or not consecutive; or (ii) each of the Stations is operated at less than its licensed antenna height above average terrain or at less than ninety percent (90%) of its licensed effective radiated power for more than seventy-two (72) consecutive hours or five (5) or more days, whether or not consecutive, during any period of thirty (30) consecutive days. If a Specified Event shall occur, then Purchaser may, at its option: (i) terminate this Agreement by written notice given to Seller not more than ten (10) days after the expiration of such fourteen (14) day, seventy-two (72) hour or thirty (30) day period, as the case may be (without either party being subject to a claim by the other for liquidated damages or any other claims for damages), or (ii) proceed in the manner set forth in Section 5.3(a) above. In the event of termination of this Agreement by Purchaser pursuant to this Section 5.3, the parties shall be released and discharged from any further obligation hereunder with no further liability or obligation whatsoever on the part of either party.

(c) If the parties are unable to agree upon the extent of any loss or damage, the cost to repair, replace or restore any lost or damaged property, the adequacy of any repair, replacement, or restoration of any lost or damaged property, or any other matter arising under this Section 5.3, the disagreement shall be referred to a qualified consulting communications engineer mutually acceptable to Seller and Purchaser who is a member of the Association of Federal Communications Consulting Engineers, whose decision shall be final, binding upon and non-appealable by the parties, and whose fees and expenses shall be paid one-half by Seller and one-half by Purchaser.

5.5 No Inconsistent Act. Pending the Closing Date, neither Seller nor Purchaser shall (a) take any action which is materially inconsistent with its respective obligations hereunder, or which would reasonably be expected to materially hinder or delay the consummation of the transaction contemplated by this Agreement, except as specifically required or permitted herein, or (b) take or fail to take any action which would render any of its representations and warranties set forth in Articles III or IV, as the case may be, no longer accurate.

5.6 Notifications. Pending the Closing Date, Seller and Purchaser shall promptly notify each other in writing of any developments, except for matters affecting the radio broadcasting industry generally, which singly or in concert with others are materially adverse to the ability of such notifying party to consummate the transactions contemplated hereby, and of any material change in any of the information contained in such party's representations and warranties contained in this Agreement or the LMA, provided that such notification shall not relieve such party of any obligations under this Agreement or the LMA.

5.7 Allocation of Purchase Price. The Purchase Price set forth in Section 1.4 shall be allocated among the Assets, including those conveyed, transferred or assigned pursuant to the LMA, if any, as determined based on the appraisal of Bond & Pecaro, Inc., in accordance with the provisions of Section 1060 of the Code. Purchaser and Seller shall each complete, execute and timely file Form 8594 with the Internal Revenue Service with their respective tax returns for the taxable year that includes the Closing Date (or such other Internal Revenue Service Form as may then be prescribed for use by the regulations promulgated under the Code (the "Tax Regulations")) to comply with applicable asset acquisition reporting requirements of Section 1060 of the Code and the Tax Regulations thereunder). Purchaser and Seller agree to act in accordance with the allocation of the Purchase Price established pursuant to this Section 5.6 in the preparation and filing of all tax returns, including Form 8594.

5.8 Real Property Assessment. Purchaser may, at its sole expense, conduct environmental studies, title examinations, and land surveys (the "Studies") of the Real Property provided all information received as a result of, or in the course of, any of the Studies will be deemed confidential. Seller agrees to cooperate with any reasonable request of Seller for a site assessment or site review concerning any environmental, title or survey matter, including the making available of such personnel of Seller as Purchaser may reasonably request, so long as such activities do not unreasonably interfere with the conduct of Seller's business. At the discretion of Purchaser, Purchaser may arrange, at its sole expense, for one or more independent contractors to conduct tests of the Real Property, including tests of air, soil (including surface and subsurface materials), surface water and ground water, or any equipment or facilities located

thereon, in order to identify any present or past release or threatened release of any Hazardous Substances. Such tests may be done at any time, or from time to time, upon reasonable notice and under reasonable conditions, which do not impede the performance of such tests. If Purchaser notifies Seller within forty-five (45) days of the date of this Agreement that the Studies disclose (i) potential Environmental Costs and Liabilities in excess of \$250,000, (ii) the presence of Hazardous Materials at concentrations exceeding those allowed by Environmental Laws, (iii) encroachments that materially and adversely affect the use (for the purpose currently used) of the Real Property, or (iv) any other matters that materially affect the title, value or use of the Real Property, Seller shall promptly commence remedial action at its expense to cure the condition giving rise to such matter and attempt to cure such condition prior to the Closing; provided that Seller shall not be obligated to spend (but may choose to spend) more than \$250,000 in the aggregate in its attempts to cure all such conditions, and provided further that, with such notification, Purchaser shall provide Seller with all Studies documenting such conditions, which shall describe such conditions with reasonable specificity and the recommended actions required to remediate such conditions. Seller shall notify Purchaser within thirty (30) days after its receipt of Purchaser's Studies if it determines that it is unable to cure such conditions for \$250,000 or less and chooses not to attempt to cure such conditions, in which case Purchaser may elect within thirty (30) days after Purchaser's receipt of Seller's notice that it chooses not to attempt to cure such conditions to (a) terminate this Agreement or (b) waive such obligations and receive a \$250,000 credit at Closing. If this Agreement is terminated in accordance with the immediately preceding sentence, no party shall have any liability to the other with respect to such termination. Either party may extend the Closing by not more than thirty (30) days if either party reasonably determines that any necessary remedial action can be completed during such period.

5.9 Title Insurance. Prior to the Closing Date, Seller shall cooperate with Purchaser to enable Purchaser to obtain with respect to each parcel of Real Property a commitment of a title insurance company to issue an ALTA owner's extended title insurance policy insuring the fee simple or leasehold title, as the case may be, of Purchaser, and the lien of Purchaser's financing sources in such title, in such amounts as Purchaser may determine, with such endorsements as may be required by Purchaser's financing sources, subject only to (a) the standard printed exceptions to title insurance that are customarily contained in such title policies; and (b) other Permitted Liens (the "Title Commitment"). The premiums and any other costs directly associated with obtaining such title insurance will be paid by Purchaser.

5.10 Further Assurances. After the Closing Date, each party will take all action reasonably requested by the other to carry out the intent of this Agreement and to vest in Purchaser title to the Assets consistent with Seller's representation and warranty in Section 3.8.

5.11 Control of the Stations. Prior to Closing, and subject to the terms and conditions of the LMA, Purchaser shall not, directly or indirectly, control, supervise, direct, or attempt to control, supervise, or direct the operations of each of the Stations in contravention of the rules, regulations and policies of the FCC; all such operations, including control and supervision of all of the Stations' programs, Seller's employees, finances and policies, shall be the responsibility of Seller until the Closing.

5.12 Collection of Receivables. Upon the Commencement Time (as defined in the LMA), Seller shall assign all accounts receivable with respect to each of the Stations as of the end of the broadcast day immediately preceding the date thereof (the “Accounts Receivable”) to Purchaser for collection purposes only, and, within five (5) business days after the date thereof, Seller shall furnish to Purchaser a list of the Accounts Receivables by accounts and the amounts then owing. Purchaser agrees that for a period of one hundred twenty (120) days following the Commencement Time (the “Collection Period”), without any requirement to litigate to collect the Accounts Receivable, to use its commercially reasonable efforts (with at least the care and diligence Purchaser uses to collect its own accounts receivable) to collect for Seller the Accounts Receivable and to remit to Seller on the 15th day following the last day of each month occurring during the Collection Period (or, if any such day is a Saturday, Sunday or holiday, on the next business day), collections received by Purchaser with respect to the Accounts Receivable. With each remittance, Purchaser shall furnish a statement of the amounts collected and the persons from whom such amounts were collected. Purchaser shall not make any referral or compromise of any Accounts Receivable to a collection agency or attorney for collection and shall not compromise for less than full value any Accounts Receivable without the prior written consent of Seller. Any Accounts Receivable not collected by Purchaser within the Collection Period shall revert to Seller. Purchaser shall reassign, without recourse to Purchaser, each Accounts Receivable and deliver to Seller, all records relating thereto on the same day as it remits to Seller the collections received. All payments in respect of the Accounts Receivable received during the Collection Period shall be first applied to the oldest balance then due on the Accounts Receivable unless the account debtor indicates in writing that payment is to be applied otherwise or if the payment refers to a specific invoice or is evidenced by a payment amount that is the exact amount of a later invoice. Purchaser agrees, upon the reasonable request of Seller, to furnish to Seller periodic reports on the status of Seller’s Accounts Receivable.

5.13 Proration. (a) Except to the extent already pro rated pursuant to the LMA, Seller and Purchaser shall pro-rate between them, as of the Closing Date, all sewer, water, gas, electrical and similar utility charges applicable to the Assets and the business of the Stations, and any prepaid taxes, deposits (to the extent each such deposit is confirmed in writing by the landlord of the property to which such deposit is applicable), rents charges, fees and other items, to the extent transferred to Purchaser, and liabilities in respect of periods ending on or prior to the Closing Date for wages, salaries, commissions, severance, pension or welfare benefits including, without limitation, with respect to any 401(k) plans, accrued sick days or accrued vacation days for employees or former employees of each of the Stations (collectively, the “Pro Rated Items”). The Pro Rated Items shall be estimated at the Closing Date, and the Purchase Price shall be appropriately adjusted, and the Pro Rated Items shall be calculated and finalized by Seller and Purchaser as soon as practical after the Closing Date but in no event later than 60 days after the Closing Date and the appropriate party shall be paid within five business days after the determination thereof any difference between the estimate at Closing and the final determination. In the event of any disputes between the parties as to the Pro Rated Items, the amounts not in dispute shall nonetheless be paid at the time provided in this Section and such disputes shall be determined by an independent certified public accountant mutually acceptable to the parties. The accountant’s resolution of the dispute shall be final and binding on the parties, and a judgment may be entered thereon in any court of competent jurisdiction. The fees and expenses of such accountants shall be paid one-half by Purchaser and one-half by Seller. If a decision has not been reached within 60 days of receipt of notice from one party to the other party that Pro Rated

Items are in dispute, then either party may pursue its claims pursuant to the terms of this Agreement.

(b) Except to the extent already pro rated pursuant to the LMA, with respect to trade, barter or similar agreements for the sale of time for goods or services (“Barter”) assumed by Purchaser pursuant to the terms of this Agreement, if at Closing the Stations have an aggregate negative or positive Barter balance (i.e., the amount by which the value of air time to be provided by the Stations after the Closing Date exceeds, or conversely, is less than, the fair market value of corresponding goods and services), there shall be no proration or adjustment, unless the negative or positive Barter balance of the Stations in the aggregate exceeds \$10,000, in which event such excess or deficiency, as the case may be, shall be treated either as prepaid time sales or a receivable of Sellers, and adjusted for as a proration in Purchaser’s or Seller’s favor, as applicable. In determining Barter balances, the value of air time shall be based upon the value of Seller’s rates as of the Closing Date, and the corresponding goods and services shall include those to be received by the Stations after the Closing Date plus those received by the Stations before the Closing Date to the extent conveyed to Purchaser pursuant to the terms of this Agreement.

5.14 Inspection Rights. Until the Closing, subject to the terms and conditions of the LMA, upon reasonable prior notice, Seller shall, during the Stations’ regular business hours, make the studio and office facilities, books, accounts, records, contracts, and documents pertaining to each of the Stations and included in the Assets available for examination and inspection by Purchaser and its agents, provided that neither the furnishing of such information nor any investigation made heretofore or hereafter shall affect Purchaser’s right to rely upon any representation or warranty made by Seller in this Agreement or in the LMA, each of which shall survive any furnishing of information or any investigation, subject to Section 9.1 hereof. Any such examination and inspection shall be undertaken in a manner designed to minimize the disruption to the operations of each of the Stations to the extent reasonably practicable. Purchaser shall indemnify, hold harmless and, if requested by Seller (in Seller’s sole discretion), defend (with counsel reasonably approved by Seller) Seller from and against any and all damages, mechanics’ liens, liabilities, losses, demands, actions, causes of action, claims, costs and expenses (including reasonable attorneys’ fees) directly arising from Purchaser’s or its consultants’ entry onto the Stations’ facilities, and any inspections or other matters performed by Purchaser with respect to the Stations during any such inspection contemplated by this Section 5.14, provided Purchaser shall have no obligation to indemnify Seller with respect to any condition caused in whole or in part, directly or indirectly, by Seller or existing prior to the beginning of Purchaser’s inspection.

5.15 Bulk Sales Laws. Purchaser and Seller hereby waive compliance with the bulk-transfer provisions of the Uniform Commercial Code (or any similar law) in connection with this transaction. Seller agrees to indemnify and hold Purchaser harmless from all claims made by creditors with respect to non-compliance with any bulk transfer provisions.

5.16 No Changes. From and after the date hereof until the Closing Date, and subject to the terms and conditions of the LMA, Seller shall:

(a) maintain the FCC Licenses in full force in effect, take any actions and make any filings necessary before the FCC to preserve the FCC Licenses' effectiveness and notify Purchaser of any proceeding or matter pending before the FCC that could have a material adverse affect on the FCC Licenses;

(b) operate each of the Stations' business in the ordinary course of business, including, without limitation, pay when due all obligations arising under the Assumed Contracts or any other agreements or commitments of each of the Stations which (i) accrue prior to the Closing Date, or (ii) if the agreements or commitments were assumed by purchaser pursuant to the LMA, accrue prior to the Commencement Time;

(c) not dissolve, liquidate, merge or consolidate the Seller, nor sell, assign, lease, mortgage, pledge, or otherwise transfer, or dispose of any of the Assets, or create, assume, or permit to exist any Lien upon any of the Assets, except for (i) Liens in favor of Purchaser, (ii) Permitted Liens; (iii) immaterial items of personal property included in the Assets which are sold, or otherwise disposed of in the ordinary and regular course of the operation of each of the Stations' business; and (iv) transactions engaged in with Purchaser's written consent first obtained;

(d) not, except with Purchaser's prior written consent, increase or otherwise change the rate or nature of the compensation (including wages, salaries, and bonuses) which is paid or payable to any of Seller's employees employed at each of the Stations, except in connection with ordinary reviews or promotions consistent with Seller's past practices or the replacement of incumbent personnel consistent with Seller's past practices, pursuant to pre-existing written compensation and fringe-benefit plans, or as otherwise set forth on Schedule 5.16(d);

(e) not, except with Purchaser's prior written consent, enter into, or become obligated under, (i) any program contract, whether for cash or barter, or any agreement, not terminable at the Closing without liability to Purchaser, except in the ordinary course of business consistent with past practices, or (ii) any other agreement or commitment on behalf of any of the Stations requiring any such Station to make cash payments to third parties, except for normal commitments for personal property and services entered into in the ordinary and regular course of the operation of any such Station, consistent with any such Station's past and present practices, and which do not provide for payments, in the aggregate, in excess of Five Thousand Dollars (\$5,000.00) during the full terms of all such agreements and commitments, nor materially change, amend, terminate, or otherwise modify any agreement or commitment other than in the ordinary course of business;

(f) maintain insurance policies on the Assets in accordance with Seller's normal and customary business practices;

(g) not make, nor commit to make, any payments, contribution, or award under or into any profit-sharing or similar plan, program, or trust on behalf of employees of each of the Stations, except in accordance with any such plan, program, or trust currently maintained by Seller, and contributions which are made consistent with past practices;

(h) maintain and preserve the current operations of each of the Stations and, consistent with the ordinary course of business, each of the Stations' goodwill and each of the Stations' present relationships with suppliers, advertisers, and others having business relations with it, to the extent such matters relate to matters or operations that are not Purchaser's obligations under the LMA;

(i) not make any material changes in the broadcast hours or in the percentages of programming broadcast by each of the Stations for which Seller is responsible under the LMA, or make any other material changes in each of the Stations' programming policies, except such changes as in the good-faith judgment of Seller are required by the public interest;

(j) maintain all of the Authorizations in full force and effect, filing applications for the renewal thereof as necessary; do any act necessary in order to prevent the expiration, revocation, suspension, or adverse modification of any of the Authorizations; and not do any act which would reasonably be expected to result in the expiration, revocation, suspension, or adverse modification of any of the Authorizations (other than to correct FCC records), nor fail to (i) do any act necessary in order to prevent the expiration, revocation, suspension, or adverse modification of any of the authorizations or (ii) immediately inform Purchaser of the commencement of any inquiry, investigation, complaint or proceeding before the FCC with respect to any of the Stations or Seller; provide Seller with copies of any notice, complaint or correspondence with respect to any such matter; respond to the FCC or any complainant before the FCC on a timely basis as necessary; and take such actions as are commercially necessary to preserve and protect the FCC Licenses in connection with such matters;

(k) not assign, waive or release any material right of Seller in the Assumed Contracts;

(l) not, except as required by law, enter into any collective bargaining agreement, or through negotiations or otherwise make any commitment or incur any liability to any labor organization with respect to the employees of the Station;

(m) not transfer or grant any rights to intellectual property under any leases, licenses, agreements, trademarks, trade names, or copyrights included in the Assets, and respond substantively to any outstanding matters before the U.S. Patent and Trademark Office pertaining to any of the Stations or the Assets;

(n) not introduce any material change to Seller's method of accounting with respect to each of the Stations except in cooperation with Purchaser under the LMA;

(o) not take any material action which is inconsistent with Seller's obligations hereunder, or which would reasonably be expected to materially hinder or delay the consummation of the transactions contemplated by this Agreement, except as specifically required or permitted herein;

(p) maintain all of the Assets (except for immaterial Assets with a fair market value, in the aggregate, not exceeding Five Thousand Dollars (\$5,000)), or replacements thereof (to the extent required pursuant to this Agreement or the LMA) and improvements thereon in

their current condition (ordinary wear and tear excepted) in the usual and customary manner, and in material compliance with the FCC's rules and regulations, and use, operate, and maintain all of the Assets in a reasonable manner, with inventories of spare parts and expendable supplies being maintained at levels reasonably consistent with past practices;

(q) maintain its books and records, including the record keeping and reporting requirements imposed by the FCC, in accordance with past practices and in material compliance with the FCC's rules and regulations;

(r) promptly notify Purchaser in writing of any developments, except for matters affecting the radio broadcasting industry generally, which singularly or in concert with others are materially adverse to the business or operations of each of the Stations or the Assets and of any material change in any of the information contained in Seller's representations and warranties contained in Article III hereof or in the schedules hereto, provided that such notification shall not relieve Seller of any obligation hereunder;

(s) make by the Closing Date all payments under the Assumed Contracts that are due to be paid by Seller on or before the Closing Date, and, consistent with past practice, take all action reasonably necessary to preserve in full force and effect the existing rights of Seller under the Assumed Contracts;

(t) prior to the Closing Date, deliver to Purchaser a list of any contracts relating to any of the Stations entered into by Seller between the date hereof and the Closing Date of the type required to be listed in Schedule 1.1(c) hereto, together with copies of such contracts;

(u) comply in all material respects with all rules and regulations of the FCC, and all other laws, rules, and regulations to which Seller, any of the Stations, and the Assets are subject; and

(v) use its reasonable efforts to maintain the current staff of each of the Stations and continue current business, sales and promotional activities so as to maintain the business of each of the Stations, except that Seller shall not be restricted from the normal hiring and firing of employees within the ordinary course of business. Seller shall not, without Purchaser's prior written consent, transfer or reassign any employees of each of the Stations to any other business in which Seller or any of Seller's officers or directors has an interest. Seller shall notify all persons employed by Seller in connection with each of the Stations of the change of the ownership of the Stations and shall pay all wages, commissions and bonuses owing to such employees, and all vacation, severance pay and fringe benefits which such employees accrued prior to the Closing Date, such that any employee of Seller whom Purchaser may elect to retain in Purchaser's employ shall have no claim for such items against Purchaser by reason of any prior employment at each of the Stations during Seller's ownership thereof. For a period of one (1) year from the Closing Date, Seller shall not offer employment to, or employ, any person who was employed at each of the Stations as of the date of this Agreement without Purchaser's prior written consent. Seller acknowledges that damages Purchaser would suffer as a result of the breach of the foregoing covenant are not readily ascertainable. Accordingly, Seller agrees

that Purchaser shall be entitled to bring an action for an injunction or other appropriate equitable relief to prevent Seller from breaching the foregoing covenant.

- (w) timely pay the annual FCC regulatory fees for the Station.

5.17 Written Consents. Pending the Closing Date, Seller shall proceed with all reasonable diligence and shall use commercially reasonable efforts to obtain (a) all written consents necessary to consummate the transactions contemplated by this Agreement, including, without limitation, the consents of parties to the Material Contracts where required (the “Consents”) and (b) for each real property fee or leasehold interest included in the Assets, certificates of estoppel and non-disturbance and attornment commitments in favor of Purchaser, and if so requested by Purchaser’s financing sources, from any mortgagees and from the respective landlords of such leaseholds or the tenants under any leases where Seller is the lessor, addressing such matters as Purchaser may reasonably request.

5.18 KPCR(AM). Seller shall diligently pursue construction of the KPCR(AM) facility at the site in Quincy, Illinois specified in the KPCR(AM) authorized FCC construction permit (FCC File No. BMJP-20041027ABQ), which authorizes KPCR(AM) to increase its daytime and critical hours effective radiated power and to change its community of license to Quincy, Illinois (the “KPCR Construction Permit”). Upon the completion of construction, Seller shall take all actions necessary prior to filing an application with the FCC on FCC Form 302-AM for a license to cover the KPCR Construction Permit (the “KPCR License Application”). Upon completion of those pre-filing actions, Seller shall file and prosecute the KPCR License Application. Until such time as the FCC has granted the KPCR License Application and such grant has become a Final Order (as defined in Section 6.1(j) below), Seller shall (i) maintain its ownership of the KPCR Excluded Assets, (ii) take any action to ensure that KPCR(AM) does not fail to transmit broadcast signals for any consecutive 12 month period, (iii) permit Purchaser to enter the location in or near Bowling Green, Missouri from which KPCR(AM) is presently licensed to operate, as specified in FCC File No. BZ-199202722AA (the “KPCR License Location”), as necessary for the Purchaser to operate KPCR(AM) from the KPCR License Location pursuant to the terms of the LMA, or following the Closing, and (iv) not sell the KPCR Excluded Assets to any party, other than the Purchaser. At no time shall Purchaser be obligated to purchase the KPCR Excluded Assets, except as required by the rules, regulations or policies of the FCC, and only upon mutually-agreeable terms. In the event that, as of the Closing Date, the FCC has not granted the KPCR License Application or the grant of the KPCR License Application has not become a Final Order, then Seller shall reimburse Purchaser for any and all reasonable costs, including, without limitation, the costs of equipment repair and/or replacement, FCC application processing fees and the reasonable fees of its attorneys and consulting engineers, that accrue in connection with any actions that Purchaser must take following the Closing to obtain a grant of the KPCR License Application and to ensure that the KPCR License Application becomes a Final Order. Notwithstanding any other provision in this Agreement, including any provision governing the Closing Date or the date on which any other representation, warranty or covenant in this Agreement is no longer effective, the covenants contained in this Section 5.18 shall survive until the FCC has granted the KPCR License Application and such grant has become a Final Order.

ARTICLE VI

CONDITIONS PRECEDENT TO THE OBLIGATIONS OF PURCHASER

The obligations of Purchaser hereunder to close the transactions herein contemplated are subject to the following conditions precedent (unless any such conditions are waived in writing by Purchaser, in Purchaser's sole discretion):

6.1 Conditions.

(a) All warranties and representations made by Seller herein to Purchaser (except for any such representation or warranty that expressly relates solely to a date prior to the Closing Date), after disregarding any materiality qualifications contained therein, shall be true and correct on and as of the Closing Date, with the same effect as if such warranties and representations had been made by Seller to Purchaser on and as of the Closing Date, with only such exceptions as would not, in the aggregate, be reasonably expected to have a material adverse impact on the consummation of the transactions contemplated by this Agreement, the Assets, or the operation of each of the Stations;

(b) Seller shall have performed and complied in all material respects, after disregarding any materiality qualifications contained therein, with all agreements, covenants, and conditions herein required to be performed or complied with on Seller's part on or prior to the Closing Date, with only such exceptions as would not, in the aggregate, be reasonably expected to have a material adverse impact on the consummation of the transactions contemplated by this Agreement, the Assets, or the operation of each of the Stations;

(c) each of the Consents shall have been duly obtained and delivered to Purchaser, with no material adverse change to the terms of the Assumed Contracts with respect to which such Consent shall have been obtained, unless Purchaser shall have consented in writing to such change;

(d) Seller shall be the holder of the FCC Licenses and there shall not have been any modification with respect to such FCC Licenses which has a materially adverse effect on any of the Stations or the conduct of its business or operations other than proceedings generally applicable to the radio broadcast industry;

(e) no proceeding (other than proceedings generally applicable to the radio broadcast industry) shall be pending, the reasonably likely effect of which would be to revoke, cancel, fail to renew, suspend, or adversely modify the FCC Licenses;

(f) Seller shall have made, or shall stand willing and able to make, all deliveries to Purchaser required to be made pursuant to this Agreement;

(g) except as generally applicable to the radio broadcast industry and subject to Section 10.13 below, between the date of this Agreement and the Closing Date, there shall have been no material adverse change in the financial condition or immediate financial prospects of any of the Stations or of the Assets;

(h) Purchaser shall have completed to its full and complete satisfaction, its due diligence review with respect to the matters set forth in Sections 5.8 and 5.9 of this Agreement;

(i) the consent of any governmental authority required to be obtained for the consummation of the transactions contemplated by this Agreement shall have been obtained;

(j) the FCC Consent shall have been granted without any “materially adverse condition” (as defined in Section 5.1(b)) having been imposed upon Purchaser, except as may be the result of Purchaser’s actions or failure to take any action reasonably required to obtain such FCC Consent, such FCC Consent shall be in full force and effect, and, unless waived by the Purchaser, such FCC Consent shall have become a Final Order. For the purpose of this Agreement, an action or order of the FCC granting the FCC’s Consent shall be deemed to have become a “Final Order” when such action or order shall have been issued by the FCC in writing, setting forth the FCC Consent, and (i) so long as such action or order shall not have been reversed, stayed, enjoined, set aside, annulled or suspended, and (ii) so long as no protest, request for stay, reconsideration or review by the FCC on its own motion or by any third party, petition for FCC reconsideration or for rehearing, application for FCC review, or judicial appeal of such action or order shall be pending, when the period provided by law for initiating such protest, request for stay, reconsideration or review by the FCC on its own motion, petition for FCC reconsideration or for rehearing, application for FCC review, or judicial appeal of such action or order shall have expired;

(k) the Purchaser shall obtain a title insurance policy reasonably acceptable to Purchaser relating to the Real Property to the extent Purchaser elects, at its sole discretion, to obtain such policy; and

(l) a non-competition agreement, in the form attached hereto as Exhibit E, shall be entered into by James E. Janes.

6.2 No Challenges. No proceeding or formal investigation by or before any court or governmental agency shall be pending or threatened which would reasonably be expected to prevent the consummation of the transactions contemplated by this Agreement.

6.3 Closing Deliveries. Purchaser shall have received each of the documents or items required to be delivered pursuant to Section 2.2(a) hereof.

ARTICLE VII

CONDITIONS PRECEDENT TO THE OBLIGATIONS OF SELLER

The obligations of Seller hereunder to close the transactions herein contemplated are subject to the following conditions precedent (unless any such conditions are waived in writing by Seller, in Seller’s sole discretion):

7.1 Conditions.

(a) All warranties and representations made by Purchaser herein to Seller (except for any such representation or warranty that expressly relates solely to a date prior to the Closing Date), after disregarding any materiality qualifications contained therein, shall be true and correct in all material respects on and as of the Closing Date, with the same effect as if such warranties and representations had been made by Purchaser to Seller on and as of the Closing Date, with only such exceptions as would not, in the aggregate, be reasonably expected to have a material adverse impact on the consummation of the transactions contemplated by this Agreement, the Assets, or the operation of each of the Stations;

(b) Purchaser shall have performed and complied in all material respects, after disregarding any materiality qualifications contained therein, with all agreements, covenants, and conditions herein required to be performed or complied with on Purchaser's part on or prior to the Closing Date, with only such exceptions as would not, in the aggregate, be reasonably expected to have a material adverse impact on the consummation of the transactions contemplated by this Agreement, the Assets, or the operation of each of the Stations;

(c) Purchaser shall have made, or shall stand willing and able to make, all deliveries to Seller required to be made pursuant to this Agreement;

(d) the consent of any governmental authority required to be obtained for the consummation of the transactions contemplated by this Agreement shall have been obtained; and

(e) the FCC Consent shall have been granted and shall be in full force and effect and unless waived by Seller, such FCC Consent shall have become a Final Order.

7.2 No Challenges. No proceeding or formal investigation by or before any court or governmental agency shall be pending or threatened which would reasonably be expected to prevent the consummation of the transactions contemplated by this Agreement.

7.3 Closing Deliveries. Seller shall have received each of the documents or items required to be delivered pursuant to Section 2.2(b) hereof.

ARTICLE VIII

RIGHTS OF PURCHASER AND SELLER UPON TERMINATION OR BREACH

8.1 Termination. This Agreement may be terminated by either Purchaser or Seller, as appropriate (if the terminating party is not then in material breach of any provision of this Agreement), upon written notice to the other party, upon the occurrence of any of the following:

(a) if at any time prior to the Closing Date, there shall have occurred a material breach of a representation or warranty of the non-terminating party contained herein or in the LMA, or a material default in the performance by the non-terminating party of a covenant or obligation of such non-terminating party contained herein or in the LMA, and if such breach or default shall not have been cured within thirty (30) days, with curative steps having been

commenced within fifteen (15) days, from and after the date upon which written notice thereof shall have been given to the non-terminating party by the terminating party;

(b) by Purchaser pursuant to Sections 5.3, 5.8 or 6.1(h) of this Agreement;

(c) by either party if the FCC denies the Applications and such denial becomes a Final Order or if the FCC should designate the Applications for hearing;

(d) by mutual agreement of Seller and Purchaser; and

(e) by either party if the Closing has not occurred within (i) fifteen (15) months from the date that the FCC has received the Applications or (ii) thirty (30) days of the FCC Consent becoming a Final Order, unless, in either case, such deadline has been extended by the written agreement of both parties; provided, however, that (x) this Agreement may not be terminated pursuant to this Section 8.1(e) by a party then in material breach of any of its representations or warranties contained herein, or in material default of any of its covenants or obligations herein, and (y) if on or after the date which is one (1) year after the date hereof, there is pending before the FCC any petition or objection opposing the grant of the FCC Consent, and either party determines in its reasonable good faith discretion, that there is not a reasonable likelihood of obtaining the FCC Consent before the date that is fifteen (15) months from the date hereof, then such party, subject to clause 8.1(e)(x) above, may terminate this Agreement pursuant to this Section 8.1(e).

8.2 Effect of Breach. The parties agree that they shall each have the rights and remedies set forth in this Agreement for any breach hereof and expressly waive any and all other rights and remedies at law or in equity.

8.3 Release of Escrow; Liquidated Damages. If this Agreement is terminated by either party, the Escrow Funds shall be released on the terms and conditions as set forth in the Escrow Agreement. The parties hereto agree in advance that in the event that this Agreement is terminated by Seller due to Purchaser's breach, so long as Seller is in material compliance herewith, actual damages would be difficult to ascertain and that the Escrow Funds, plus such interest accrued thereon during the period such amount was in escrow, is a fair and equitable amount to reimburse Seller for damages sustained due to such event. Under all other circumstances, upon termination of this Agreement, the Escrow Funds, plus such interest accrued thereon during the period such amount was in escrow, shall be returned to Purchaser.

8.4 Specific Performance. Each of Purchaser and Seller acknowledges and agrees that the Assets are unique and that Purchaser would be damaged irreparably in the event Seller fails to transfer the Assets to Purchaser upon satisfaction of the conditions set forth in Article VII of this Agreement. Accordingly, Purchaser and Seller agree that Purchaser shall be entitled to specific performance and injunctive or other equitable relief as remedies for any breach by Seller of its obligations hereunder; provided, however, that in no event shall Purchaser be precluded from seeking any damages in lieu of specific performance, or in the event Purchaser is unable to compel specific performance, or for reasonable attorney's fees and expenses incurred in pursuing its remedies against Seller. Seller agrees to waive the posting of any bond in connection with any such remedies. Seller shall not be entitled to the remedy of

specific performance, and in the event of Purchaser's failure to consummate the transactions contemplated hereby in breach of Purchaser's obligations hereunder, Seller's sole remedy shall be to terminate this Agreement pursuant to Section 8.1(a) and to seek release of the Escrow Funds and accrued interest thereon pursuant to Section 8.3 and the terms and conditions of the Escrow Agreement.

ARTICLE IX

INDEMNIFICATION

9.1 Survival. Except as otherwise specifically provided in this Agreement, all representations, warranties, covenants and agreements contained in this Agreement, or in any certificate, agreement, or other document or instrument, delivered pursuant hereto, shall survive (and not be affected in any respect by) the Closing for a period of twelve (12) months, provided that if a Claim (as hereinafter defined) or notice for indemnification with respect to any such representation, warranty, covenant, agreement, certificate, or other document or instrument, is asserted by the Indemnified Party to the Indemnifying Party in reasonable detail based upon the then available information prior to the end of the survival period, such Claim or notice shall continue (and such representation, warranty, covenant, agreement, certificate, or other document or instrument shall survive) indefinitely until such Claim is finally resolved. Notwithstanding the foregoing, the representations of Seller made in Sections 3.2 (Authority), 3.8 (Title to Assets), 3.17 (Employee Benefits), 3.19 (Taxes) and 3.23 (Environmental Matters) shall survive until the expiration of the applicable statute of limitations.

9.2 Indemnification in General. Purchaser and Seller agree that the rights to be indemnified and held harmless set forth in this Agreement, as between the parties hereto and their respective permitted successors and assigns, shall be exclusive of all rights (other than those specifically referenced in the Agreement) to be indemnified and held harmless that such party (or its permitted successors or assigns) would otherwise have by statute, common law or otherwise.

9.3 Indemnification by Seller. Seller shall indemnify, defend, and hold harmless Purchaser, any officer, director or member thereof, and their permitted assigns with respect to any and all demands, claims, actions, suits, proceedings, assessments, judgments, costs, losses, damages, obligations, liabilities, recoveries, deficiencies, and expenses (including interest, penalties and reasonable attorneys' fees) of every kind and description (individually or collectively, a "Claim") relating to or arising out of:

(a) any breach or non-performance by Seller of, or misrepresentation with respect to, any of Seller's representations, warranties, covenants or agreements set forth in this Agreement or in the LMA, it being understood that, for purposes of this Section 9.3(a), the representations and warranties of Seller shall mean such representations and warranties of Seller made on and as of the Closing Date, provided, however, that in the event Seller breaches any representation contained in Article III of this Agreement prior to the Closing Date and, after Seller's written notice to Purchaser setting forth in detail the representation that has been breached, which notice shall be sent promptly following Seller's discovery of such breach and shall be received by Purchaser at least five days prior to the Closing Date (the "Notice of Breach"), Purchaser proceeds to close, Purchaser shall be deemed to have waived any right of

recovery against Seller with respect to the specific breaches set forth in the Notice of Breach. If Purchaser does not elect to close following receipt of the Notice of Breach and terminates the Agreement pursuant to Section 8.1(a) hereof, Purchaser hereby reserves all rights against Seller pursuant to the provisions of this Agreement, and Seller shall be liable for all damages of Purchaser;

(b) the operations or business of Seller or each of the Stations prior to the Closing Date, to the extent such Claim relates to any period before the Closing Date, regardless of whether disclosed in any schedule or document and regardless of whether constituting a breach by Seller of any representation, warranty, covenant or agreement, and any other liability or obligation of Seller other than the post-Closing obligations assumed by Purchaser;

(c) any legal, administrative or tax proceedings pursuant to which Seller is or could be made liable for any taxes, penalties, interest or other charges and the liability of which is extended to Purchaser in connection with the transactions contemplated by this Agreement and for which Purchaser has not received a proration credit; or

(d) any and all damages occasioned by, arising out of or resulting from any claim by any person or entity that any agent, broker, investment or commercial banker, person or firm acting on behalf of Seller that it is entitled to any broker, finder, financial advisor fee or any other commission or similar fee directly or indirectly in connection with the transaction contemplated by this Agreement.

9.4 Indemnification by Purchaser. Purchaser shall indemnify, defend, and hold harmless Seller, any officer or director thereof, and their permitted assigns, with respect to any Claim of any kind and description relating to or arising out of:

(a) any breach or non-performance by Purchaser of, or misrepresentation with respect to, any of Purchaser's representations, warranties, covenants or agreements set forth in this Agreement or in the LMA, it being understood that, for purposes of this Section 9.4(a), the representations and warranties of Purchaser shall mean such representations and warranties of Purchaser made on and as of the Closing Date; or

(b) the Assumed Obligations and any other liabilities, losses, obligation or debt of Purchaser or any of the Stations that arises or results from and is attributable to the operations or business of any such Station on or after the Closing Date excluding, however, any liability or obligation of Seller specifically retained by Seller; or

(c) any and all damages occasioned by, arising out of or resulting from any claim by any person or entity that any agent, broker, investment or commercial banker, person or firm acting on behalf of Purchaser that it is entitled to any broker, finder, financial advisor fee or any other commission or similar fee directly or indirectly in connection with the transaction contemplated by this Agreement.

9.5 Indemnification Procedure. For purposes of administering the indemnification provisions set forth in this Article IX, the following procedure shall apply:

(a) Whenever a Claim shall arise under this Article, the party entitled to indemnification (the “Indemnified Party”) shall promptly and in no event later than ten (10) business days after becoming aware of such a Claim, give written notice to the party from whom indemnification is sought (the “Indemnifying Party”) setting forth in reasonable detail, to the extent then available, the facts concerning the nature of such Claim and the basis upon which the Indemnified Party believes that it is entitled to indemnification hereunder, provided that the Indemnified Party’s failure to do so shall not preclude it from seeking indemnification hereunder unless such failure has materially prejudiced the Indemnifying Party’s ability to defend such Claim.

(b) In the event of any Claim hereunder resulting from or in connection with any Claim brought by a third party, the Indemnifying Party shall be entitled, at its sole expense, either:

(i) to participate therein, or

(ii) to assume the entire defense thereof with counsel who is selected by it and who is reasonably satisfactory to the Indemnified Party provided that:

(A) the Indemnifying Party agrees in writing that it does not and will not contest its responsibility for indemnifying the Indemnified Party in respect of such Claim, and

(B) no settlement shall be made without the prior written consent of the Indemnified Party which shall not be unreasonably withheld (except that no such consent shall be required if the claimant is entitled under the settlement to only monetary damages to be paid solely by the Indemnifying Party). If, however, (1) the Claim would, if successful, result in the imposition of damages for which the Indemnifying Party would not be solely responsible hereunder, or (2) representation of both parties by the same counsel would otherwise be inappropriate due to actual or potential differing interests between them, then the Indemnifying Party shall not be entitled to assume the entire defense and each party shall be entitled to retain counsel (in the case of Clause (A) of this sentence, at their own expense) who shall cooperate with one another in defending against such Claim.

(c) If the Indemnifying Party does not choose to defend against a Claim by a third party, the Indemnified Party may defend against such Claim in such manner as it deems appropriate or settle such Claim (after giving notice thereof to the Indemnifying Party) on such terms as the Indemnified Party may deem appropriate, and the Indemnified Party shall be entitled to periodic reimbursement of expenses incurred in connection therewith and prompt indemnification from the Indemnifying Party, including without limitation reasonable attorneys’ fees, in accordance with this Article IX.

(d) The Indemnifying Party will not, without the Indemnified Party’s written consent, settle or compromise any Claim or consent to any entry of judgment which does not include, as an unconditional term thereof, the giving by the claimant to the Indemnified Party of

a release from all liability with respect to such Claim. Neither Purchaser nor Seller shall be deemed to have notice of any Claim by reason of any knowledge acquired on or prior to the Closing Date by an employee of each of the Stations unless express evidence is available establishing actual notice to either party.

9.6 Limitations on Indemnification. Notwithstanding anything to the contrary in this Article IX, (a) no claim for indemnification shall be made by either Indemnified Party unless the aggregate Claims of such Indemnified Party exceed Twenty-Five Thousand Dollars (\$25,000) (the “Deductible Amount”), in which event all Claims of such party above the Deductible Amount shall be recoverable hereunder; and (b) in no event shall an Indemnifying Party’s aggregate obligation to indemnify an Indemnified Party exceed the Purchase Price.

ARTICLE X

MISCELLANEOUS

10.1 Respective Costs. (a) Except as otherwise specifically provided herein, Purchaser on the one hand, and Seller on the other, will each pay its own costs and expenses (including attorneys’ fees, accountants’ fees, and other professional fees and expenses) in connection with the negotiation, preparation, execution, delivery, and performance of this Agreement and the LMA, and the consummation of the purchase and sale of the Assets and the other transactions contemplated by this Agreement.

10.2 Terms Generally. The defined terms in this Agreement shall apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include,” “includes,” and “including” shall be deemed to be followed by the phrase “without limitation.” All references herein to Articles, Section, Exhibits and Schedules shall be deemed references to Articles and Sections of, and Exhibits and Schedules, to this Agreement unless the context shall otherwise require, and references to “herein,” “hereof,” “hereunder,” and words of similar import shall refer to this Agreement as a whole rather than specific sections hereof unless the context shall otherwise require.

10.3 Entire Understanding. This Agreement, including the Schedules and Exhibits hereto, the LMA, and the Escrow Agreement, contain the entire understanding among the parties hereto with respect to the transactions contemplated herein and therein, and supersede all negotiations, representations, warranties, commitments, offers, letters of intent, contracts, agreements, understandings, and writings not set forth herein or therein. No waiver and no modification or amendment of any provision of this Agreement shall be effective, unless specifically made in writing and duly signed by all parties hereto. No party’s ability to rely upon the representations, warranties, covenants, and other provisions of this Agreement shall be limited by any information or document provided to or obtained by such party, unless specifically set forth in a writing duly signed by all parties hereto.

10.4 Confidentiality.

(a) Except as necessary for the consummation of the transactions contemplated by this Agreement, and except as and to the extent required by law, each party will keep confidential, and shall cause its representatives, advisors, attorneys and financing sources to keep confidential, any information obtained from the other party in connection with the transactions contemplated by this Agreement. If this Agreement is terminated, each party will return to any other party that furnished it with information in connection with the transactions contemplated by this Agreement all such information.

(b) No party shall publish any press release or make any other public announcement concerning this Agreement or the transactions contemplated hereby without the prior written consent of each other party; provided, however, that nothing contained in this Agreement shall prevent any party, after notification to and consultation with the other party, from making any filings with governmental authorities that, in its judgment, may be required or advisable in connection with the execution and delivery of this Agreement or the consummation of the transactions contemplated hereby.

10.5 Covenant Not to Compete or Solicit Business.

(a) In furtherance of the sale of the Assets to Purchaser and to protect the Stations' value and goodwill and in consideration of the Purchase Price, Seller agrees that, after the Closing:

(i) for a period ending 36 months after the Closing Date, neither Seller nor any of Seller's affiliates will directly or indirectly (whether as owner, consultant, manager, principal, agent, shareholder, partner or otherwise) own, manage, operate, control, participate in, or be connected in any manner with the ownership, management operation or control of any radio station the transmitter site of which is located in the counties of Benton, Clark, Henry, Johnson, Lewis, Marion, Monroe, Pettis, Ralls, or Saline, MO, or Adams, Hancock or Pike, IL, or Lee, IA, and will not oppose at the FCC, or participate in any way with, any parties seeking to oppose at the FCC, any application filed by Purchaser to acquire additional radio station licenses whose transmitters are located within a 50 mile radius of the transmitters of any of the Stations;

(ii) for a period ending 36 months after the Closing Date, neither Seller nor any of Seller's affiliates will directly or indirectly induce or attempt to persuade any supplier, advertiser or customer of, or any other person having a business relationship with, any of the Stations to terminate or alter such business relationship with any such Station; or

(iii) except as approved by Purchaser, for a period ending 36 months after the Closing Date, neither Seller nor any of Seller's affiliates will solicit to employ, employ or otherwise retain the services of any person who was employed by any of the Stations at any time between January 1, 2004 and the Closing Date.

(b) In addition, Seller covenants and agrees that neither Seller nor any of Seller's affiliates will divulge or make use of any trade secrets, customer lists or other confidential proprietary information concerning any of the Stations or the Assets.

(c) In the event Seller or any of Seller's affiliates violates any of such person's obligations under this Section 10.5, Purchaser or any of the Stations may proceed against such Person in law or in equity for such loss, liability, claim, damage, expenses or other relief as a court may deem appropriate. Seller acknowledges that a violation of this Section 10.5 may cause Purchaser or any of the Stations irreparable harm which may not be adequately compensated for by money damages. Seller therefore agrees that in the event of any actual or threatened violation of this Section 10.5, Purchaser or any of the Stations shall be entitled, in addition to other remedies that Purchaser or any of the Stations may have, to a temporary restraining order and to preliminary and final injunctive relief against Seller or such Affiliate of Seller to prevent any violations of this Section 10.5, without the necessity of posting a bond. The prevailing party in any action commenced under this Section 10.5 shall also be entitled to receive reasonable attorneys' fees and court costs.

(d) It is the intent and understanding of each party hereto that if, in any proceeding before any governmental authority or arbitrator legally empowered to enforce this Section 10.5, any term, restriction, covenant or promise in this Section 10.5 is found to be unreasonable and for that reason unenforceable, then such term, restriction, covenant or promise shall be deemed modified to the extent necessary to make it enforceable by such governmental authority or arbitrator.

10.6 Headings. The Article headings contained herein are for convenience and for reference purposes only, and shall not in any way affect the meaning or interpretation of this Agreement.

10.7 Counterparts. This Agreement may be executed in one (1) or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one (1) and the same instrument. Any such counterpart signature page may be delivered by electronic means or facsimile and shall become binding on the delivering party upon receipt by the other party.

10.8 Choice of Law. This Agreement shall be governed by, and shall be construed in accordance with, the internal laws of the State of Missouri governing contracts made and to be performed entirely within such State, without reference to any choice-of-law principles of the laws of such State. If any provision herein shall be held to be invalid or unenforceable by any court of competent jurisdiction or as a result of future legislative or administrative action, such holding or action shall be strictly construed and shall not affect the validity or the enforceability of any other provision herein.

10.9 Benefit and Binding Effect. This Agreement shall be binding upon, and shall inure to the benefit of, the successors and permitted assigns of the parties hereto. No party may transfer by operation of law or assign any of its rights, interests or obligations under this Agreement without the prior written consent of the other party hereto, except that without the consent of Seller, Purchaser may assign its rights, interests and obligations under this Agreement, in whole or in part, to any entity controlled by, controlling or under common control with, Purchaser (a "Pilot Entity"), provided that such entity is legally qualified to be an FCC licensee and financially qualified to perform hereunder. Notwithstanding the foregoing, no assignment by Seller or Purchaser shall be permitted after the application requesting FCC Consent to the

transactions contemplated herein have been filed with the FCC if such an assignment would delay grant of the Applications. If Purchaser assigns its rights, interests and obligations under this Agreement to a Pilot Entity, Seller and Purchaser agree to amend this Agreement, if necessary, so as to eliminate Purchaser as a party hereto and to reflect the assumption by the Pilot Entity of the assigned obligations and liabilities of Purchaser under this Agreement.

10.12 Attorney's Fees. In the event of a default by either Seller or Purchaser that results in a lawsuit or other proceeding for any remedy available under this Agreement, the prevailing party shall be entitled to reimbursement from the other party of its reasonable legal fees and expenses.

10.13 Effect of LMA. Notwithstanding any other provision of this Agreement to the contrary, Seller shall not be deemed liable, and shall have no obligation to Purchaser for indemnification or otherwise, for the purported breach of any representation, warranty, covenant, condition or agreement of Seller contained in this Agreement to the extent such breach resulted primarily from the actions of Purchaser in its capacity as Programmer under the LMA. Notwithstanding Section 5.4 hereof, the risk of loss, damage or impairment of any of the Assets shall be borne by Purchaser prior to the Closing Date to the extent that such loss, damage or impairment resulted primarily from the actions of Purchaser in its capacity as Programmer under the LMA.
