

WITM(AM) at Marion, Virginia (Facility ID # 19478)

Licensee - Bristol Broadcasting Company, Inc.

Application to Modify Licensed Facilities

Figure 1 - Contour Overlap Showing - Local Ownership Compliance

Five non-attributable full-power, operating commercial and noncommercial educational stations whose principal community contours overlap or intersect the principal community contour of WITM(AM) were identified and their contours were plotted above. These five non-attributable stations are WOLD-FM at Marion, Virginia; WVTR(FM) at Marion, Virginia; WZVA(FM) at Marion, Virginia; WFYE(FM) at Glade Spring, Virginia; and WVBX(FM) at Rural Retreat, Virginia. [It is noted that there are more than forty other full-power stations whose principal community contours overlap or intersect at least one of the principal community contours that define the radio market(s); however, for clarity only the contours of five non-attributable stations were included.] The contours of the commonly-owned stations that comprise the market(s) were also plotted.
