

TECHNICAL STATEMENT
RADIO MULTIPLE OWNERSHIP ANALYSIS
CAPSTAR TX LIMITED PARTNERSHIP

This statement and the attached figures were prepared on behalf of Capstar TX Limited Partnership ("CTLP"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). CTLP proposes to modify the facilities of WRDU(FM), Knightdale, NC. A multiple ownership analysis was prepared considering the following radio stations under present or proposed common ownership, time brokerage or joint sales.¹

Table 1: Proposed Commonly Owned, Brokered or Jointly-Sold Stations Studied and Associated Arbitron Metro² Information

Calls	Fac ID	Band	Community	County	State	Geographic Arbitron Market	Declared Arbitron Market
WDCG	53597	FM	Durham	Durham	NC	Raleigh-Durham, NC	Raleigh-Durham, NC
WRDU	73936	FM	Knightdale ³	Wake ⁴	NC	Rocky Mount-Wilson, NC moving to Raleigh-Durham, NC	Raleigh-Durham, NC
WRSN	53596	FM	Cary	Wake	NC	Raleigh-Durham, NC	Raleigh-Durham, NC
WRVA-FM	74125	FM	Rocky Mount	Nash	NC	Rocky Mount-Wilson, NC	Raleigh-Durham, NC

Since certain of these stations have overlapping principal community contours (5 mV/m for AM stations, 3.16 mV/m for FM stations), or are located in, or home to, the same Arbitron Metro Markets, an ownership study has been prepared in accordance with the Federal Communications Commission's local radio ownership rule.⁵

CCC does not have an attributable interest in any other station with a principal community contour that overlaps or intersects the principal community contour of WRDU(FM) as proposed, or which is located in the same Arbitron Metro⁶ as WRDU(FM)). The community of license of WRDU(FM) is located within the Rocky Mount-Wilson, NC Arbitron Metro, and WRDU(FM) is reported by BIA as being "Home" to the Raleigh-Durham, NC Metro. Contour overlap of the station to be modified, as depicted in Figure 1, also occurs with commonly-owned stations whose communities of license are located in both Arbitron Metro markets.

Arbitron Market Study

¹ None of the following stations are attributable by virtue of a time brokerage agreement or joint sales agreement.

² Arbitron data presented herein is obtained from BIA's "Media Access Pro."

³ Knightdale is the new community of license of WRDU(FM) per *Report and Order*, DA 06-1076, in MB Docket 05-121 (Ass't Chief, Audio Div., rel. May 26, 2006).

⁴ Knightdale is within Wake County, which is geographically part of the Raleigh-Durham, NC Metro.

⁵ See 47 C.F.R. § 73.3555(a).

⁶ A station is considered to be "located in an Arbitron Metro" if the station's community of license is located within the boundaries of that Metro, or, the station is listed as "Home" to that Metro by BIA.

WRDU(FM) is presently reported by BIA as being "Home" to the Raleigh-Durham, NC Arbitron Metro, and as licensed to Knightdale is geographically located within the Raleigh-Durham, NC Arbitron Metro. This proposal is in compliance with the local radio ownership rules for that Arbitron Metro, as evidenced by Table 2 below:

Table 2 - Stations Considered to be in the
Raleigh-Durham, NC Arbitron Metro⁷

Count	Calls	Fac ID	Band	Owner	Status ⁸	Community	County

Interim Contour-Overlap Analysis

Because the principal community of the station to be modified, and the communities of all commonly-owned or attributable stations with overlapping principal contours with the station to be modified, are located inside an Arbitron Metro, an interim contour-overlap analysis is not required.

Conclusions

In the Raleigh-Durham, NC Arbitron Radio Market studied herein, there are at least 43 radio stations, including the subject commonly-owned 4-FM stations, which are home to the Raleigh-Durham, NC Metro.

Based on the above, it is concluded that the proposed modification complies with Section 73.3555(a) of the FCC Rules.

Respectfully submitted,

Troy G. Langham
FCC Engineering Supervisor
August 10, 2006
