

**FCC 301 Application for Minor Modification of Licensed Facilities
WACQ(FM), Carrville, AL (Fac. ID 68309)
Exhibit 1**

Licensee Consent to Modification

Licensee, Progressive United Communications, Inc. has provided permission for Hughey Communications, Inc. ("Applicant") to file the instant FCC 301 application for a construction permit for the minor modification of the facilities of station WACQ(FM), Carrville, AL (Fac. ID 68309) (the "Station"). Such permission is reflected in paragraph 8 of the Mutual Release and Settlement Agreement (the "Agreement") that sets forth the terms by which Applicant is purchasing the Station. This Agreement is included in its entirety as Exhibit 4 to the application for consent to assignment of the Station, FCC File No. BAL-20060724AFH, filed on July 24, 2006 and currently pending Commission approval. The text of the relevant paragraph is provided below. Capitalized terms are defined in the Agreement.

"8. In further material consideration for this Agreement, Progressive agrees to cooperate with Hughey, if requested by Hughey, in the filing of an application with the FCC for a minor modification in the technical facilities of the Radio Station, if Hughey desires to file such application prior to assignment of the Radio Station license to Hughey. Hughey shall bear all costs and expenses associated with the preparation, filing, and prosecution of such application, and Progressive agrees to file such application upon Hughey's request as long as Progressive remains licensee of the Radio Station, provided that such application complies with all applicable laws and regulations."
