

**Family Stations, Inc.**  
**KPFR (CP), Pine Grove, OR**  
**Amendment to pending Modification BMPED-20050209AVB**  
**Facility ID 85834**

**Exhibit 1**  
**May 2005**

This minor amendment to the pending modification contains a change (decrease) in the directional pattern values from 340 degrees to 80 degrees in order to eliminate overlap with station KBNOFM (LIC), White Salmon, WA, due to a discrepancy in the HAAT's derived from the 30 second terrain database furnished by V-Soft Communications and the 30 second terrain database used by the FCC.

Submitted with this amendment are Exhibits 13 and 22 (no change) and Exhibits 15 and 18 (amended).
