

MULTIPLE OWNERSHIP EXHIBIT

In this application, Clear Channel Broadcasting Licenses, Inc. ("Clear Channel") is proposing to change the community of license of Station WPLA(FM) from Jacksonville to Green Cove Springs, Florida. The proposed community of license, Green Cove Springs, is in Clay County, which is part of the Jacksonville Arbitron Metro and thus WPLA(FM) will be geographically located in this Arbitron. WPLA(FM) is already geographically located in the Jacksonville Arbitron Metro and thus the number of stations owned by Clear Channel in the Jacksonville Arbitron is not changing.

In the Jacksonville Arbitron Metro there are 45 commercial and noncommercial educational full-power radio stations.¹ According to the FCC's local ownership "tiers," in a Metro reported by BIA as having 45 or more (inclusive) "home" commercial and noncommercial educational full-power radio stations, a party may have a cognizable interest in up to 8 commercial full-power radio stations, not more than 5 of which are in the same service (AM or FM). This application complies with the multiple ownership rules because only 5 FM and 1 AM stations will be attributable to Clear Channel.²

¹ See Attachment 1. The facilities proposed in this application for WPLA(FM) do not overlap any stations attributable to Clear Channel that are not geographically located in an Arbitron Metro. Thus, a contour overlap study is not required.

² Clear Channel was the previous licensee of Station WROO(FM). However, that station was assigned to Aloha Station Trust LLC and that transaction was consummated on July 30, 2008.
