## COMPREHENSIVE TECHNICAL EXHIBIT

**Application for Construction Permit**  
**W23DK, Facility ID 125165**  
**FCC File Number BLDTL-20090731AFF**  
**EICB-TV East, LLC**

**Application for Displacement of Licensed Facility.** The within filing seeks a displacement from channel 23 to channel 45 because of the proximity of cochannel digital facility WLYH-TV, Facility ID 23338, located only 151 km distant. Also sought is a change of location, ERP and antenna pattern. Its 51 dBu F50,90 contour enjoys overlap with that of the underlying licensed facility.

**Interference Analysis.** An OET 69 Longley-Rice study exhibit for the above-captioned application was performed by the Techware, Inc. FCC interference analysis program on a Sun Blade computer. The study revealed that the application is in compliance with all applicable portions of §74.793.
