

## **EXHIBIT 10 - FILL-IN TRANSLATOR RELATIONSHIP TO PRIMARY STATION**

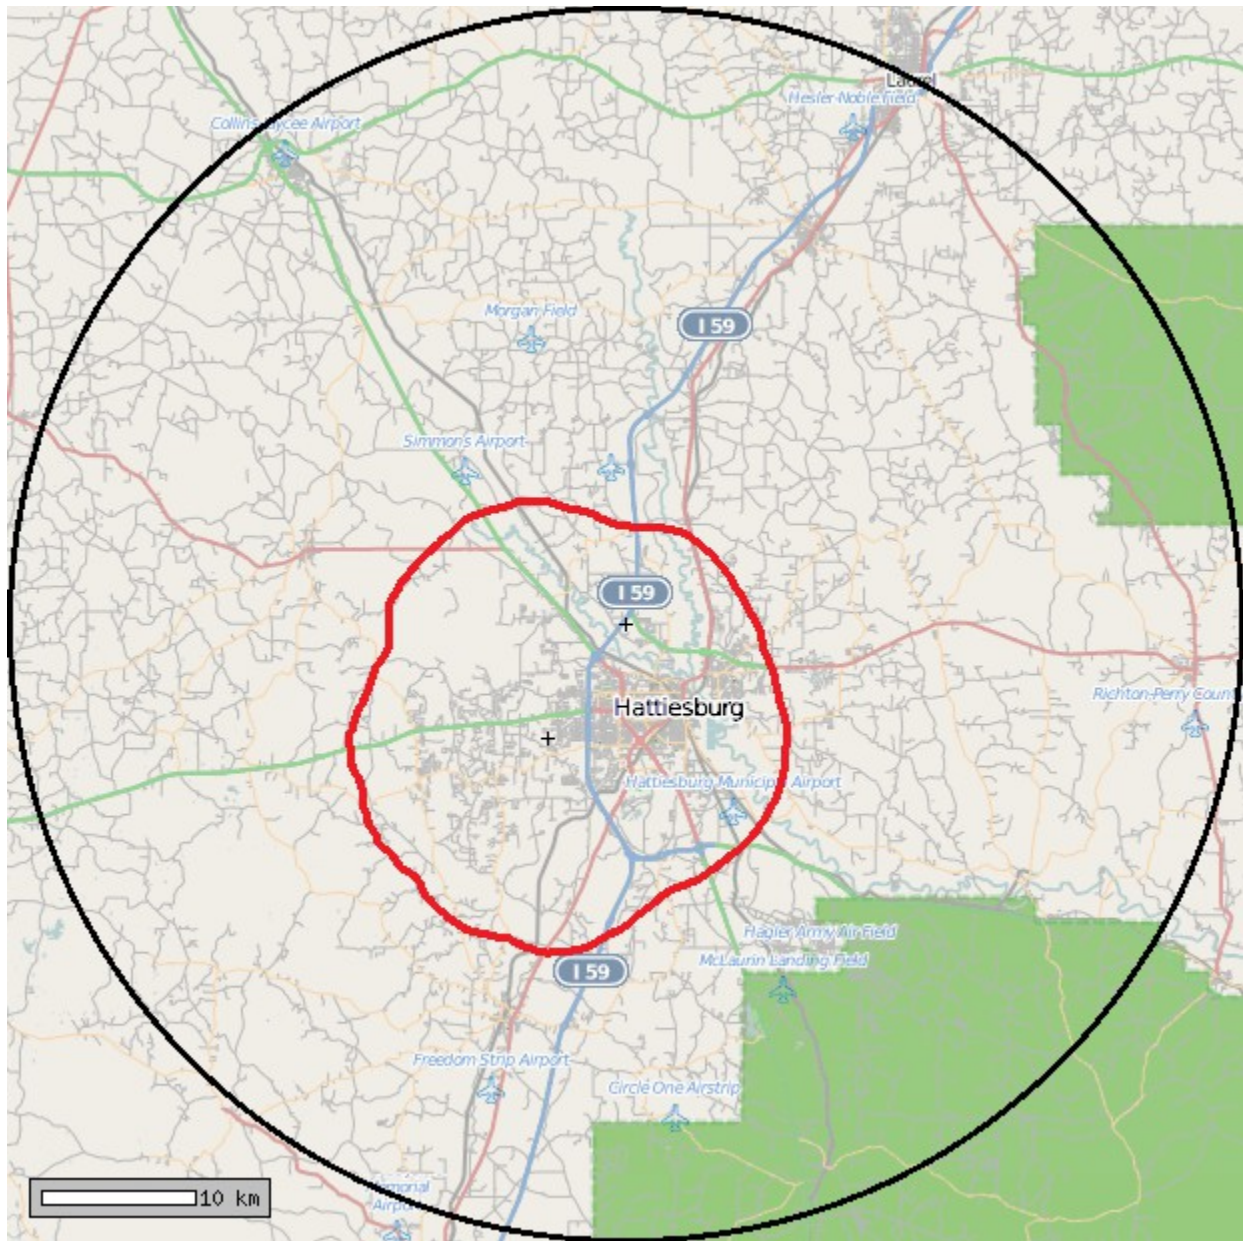

Figure 1: The map above depicts the F(50,50) 60 dBu contour of the proposed fill-in translator (red contour) and a circle with a radius of 25 miles extending from the WHSY 950 AM (primary station, Facility ID 61237, black contour) tower site. As shown above, there is no point at which the translator's F(50,50) 60 dBu service contour extends the WHSY contour beyond 25 miles.
