November 2, 2018

Subject: W238DG Special Conditions

To whom this may concern:

I hereby state that the installation of translator W238DG, application BNPFT-20181004AAH to build facility 202662 on WOKR tower #2 has caused no variance from the corresponding modeled resistance and reactance values contained in the moment of method proof of performance underlying the WOKR-AM license. If you have any additional questions, please do not hesitate to contact me.

Kind Regards,

Brian P. McGlynn  
Managing Director  
Genesee Media Corporation  
585-698-2757
