Technical Statement

Radio Station WBTS(FM) on Channel 238C1 assigned to Athens, Georgia, is applying for a license to cover its outstanding construction permit, FCC File Number BPH-20050216ABP. Program test operation is underway at WBTS(FM).

The only change authorized for WBTS(FM) is to change its community of license to Doraville, Georgia. No change in any licensed technical parameters was authorized by the Commission or implemented by the licensee. Therefore, there is no change in the transmitting antenna or transmitter power output from that subsequently authorized.
