RE: AMFM Radio Licenses, LLC. (FRN No. 0001656586)
Request for waiver of Construction Permit Expiration Date
W225CH, Facility ID No: 140333

Dear Ms. Dortch:

AMFM Radio Licenses, LLC. ("AMFM"), the permittee of FM Translator Station W225CH, (the "Station") and Capstar TX LLC., licensee of AM Station WPOP, Hartford, Connecticut, the proposed primary station specified in the pending Modification Application filed recently for the Station (BMPFT - 20160729AEM), and pursuant to Section 1.3 of the Commission's rules, request a waiver of Section 73.3598 of the Commission's rules to permit AMFM additional time to construct the Station.

The Commission has recognized that construction deadline waivers would expand broadcasting opportunities for AM stations, allow AM licensees to realize service improvements quickly and incentivize permittees to participate in the modification window process, thus avoiding the delay burden of re-auctioning the spectrum. Waiver of the Commission construction deadline would clearly be in the public interest with respect to Station W225CH. AMFM hereby commits to prompt construction and initiation of broadcast operations by the translator station.

In view of the above, AMFM and Capstar TX, LLC request that the Commission waive its construction deadline rule for Station W225CH and extend the construction permit expiration date for that Station for six months.

Respectfully submitted,

AMFM Radio Licenses, LLC.
