

Exhibit 5 – Local Radio Ownership Rule Compliance

Davis Broadcasting, Inc. of Columbus (“Davis”) hereby demonstrates that grant of the instant application will be fully consistent with the Commission’s local radio multiple ownership rule. Davis proposes a minor change to the facilities of WFXE(FM). Grant of the application will not create new or increased concentration of ownership among commonly owned, operated or controlled media properties.

WFXE(FM) is licensed to Columbus, Georgia. Thus, for purposes of the local radio ownership rule, WFXE(FM) is deemed to be a part of the Columbus, Georgia Nielsen Audio Metro (the “Columbus Metro”). The attached BIA Kelsey FCC Geographic Market Definition Report for the Columbus Metro lists all radio stations, including WFXE(FM), that are licensed to communities within the counties comprising the Columbus Metro or that Nielsen Audio designates as “home” to that Metro. As detailed in the attached exhibit, there are 23 stations in the Columbus Metro.

The FCC’s local radio ownership rule provides that a single person or entity (or entities under common control) in a radio market with between 15 and 29 (inclusive) full-power, commercial and noncommercial radio stations may have a cognizable interest in up to 6 commercial radio stations, not more than 4 of which are in the same service (AM or FM)). *See* 47 C.F.R. § 73.3555(a).

As shown in the attached exhibit, Davis controls six stations in the Columbus Metro, including WFXE(FM), four of which are FM stations and two of which are AM stations. This ownership complies with the FCC’s local radio ownership rule.
