To Whom It May Concern:

I am the general manager of KUDO-AM Radio in Anchorage, Alaska. This letter is to verify that the modification of KEAG-FM's facilities (File Number 20061205ADT) has in no way altered the operating parameters of KUDO-AM. This is due to the fact that no modification of the common tower (KBRJ-FM, KEAG-FM, KDBZ-FM, KUDO-AM, KHAR-AM), or its appurtenances has taken place. If you have any questions please contact me directly.

Sincerely,

A handwritten signature in dark ink, appearing to read "Rick Goodfellow". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
