Dear Applicant:

This refers to your above-captioned application for a construction permit authorization in the low power television service.

Because your proposed transmitter site is in close proximity to the Canadian border, coordination with the Government of Canada was mandatory as prescribed by the Canadian USA Television Agreement. As a result of this coordination, the Industry Canada Department of Communications has informed the Commission that it would object to the grant of your proposed facility, because it would cause excessive interference to CHBC-TV-3/CHBC-PT-3, Channel 8, Oliver, BC.

You are required to electronically amend your application to resolve these specified problems within (30) days of the date of this letter. If not so amended electronically, your application will be **CONSIDERED INCOMPLETE AND SUBSEQUENTLY DISMISSED**.

Sincerely

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
