

**APPLICATION FOR STATION LICENSE**  
**WDAS LICENSE LIMITED PARTNERSHIP**  
**WRDW-FM RADIO STATION**  
**CH 243B - 96.5 MHZ - 17.0 KW**  
**PHILADELPHIA, PENNSYLVANIA**  
**June 2004**

**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of WDAS License Limited Partnership (“WLLP”), licensee of radio station WRDW-FM, Channel 243B, Philadelphia, Pennsylvania. This instant application both notifies the Commission that in March 2001 WLLP replaced the non-directional main antenna system for WRDW-FM, and seeks approval for that new antenna. Any necessary waiver of the 10 day filing requirement in 47 CFR 73.1620(a)(1) is hereby respectfully requested.<sup>1</sup> The delay was inadvertent and prejudiced no party. Attached as Exhibit A is a calculation of the transmitter power output for WRDW-FM.

This application is being submitted without first obtaining a construction permit. We have, however, addressed general conditions applicable to permits for facilities of this type. WLLP herein states that it will, in cooperation with other tower users, reduce the power of WRDW-FM or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC’s guidelines.

---

1) This request is made at the recommendation of legal counsel for WLLP.
