6 October 2011

Hossein;

We are aware of the Application by Utah State Board of Regents for K58IU-D to move to channel 18. High Plains Broadcasting License Company, (dba: KUCW-DT), is the licensee of K17GT-D. We are aware that this application is adjacent to our license. We do not believe there will be any interference to K17GT-D or to the relocated K58IU-D to channel 18 if this application is granted.

If there is interference the University of Utah, Carbon County, and High Plains will do what is necessary to resolve any issues.

Sincerely,

Robert Lyon
