

ELIGIBLE ENTITY NARRATIVE

The instant application is being filed pursuant to the procedures established in the FCC's diversity proceeding to transfer expiring construction permits to an "eligible entity."¹ The permits being assigned in the instant application to RF Services, Inc. ("RF") expire on April 30, 2011. Thus, upon consummation of the transaction contemplated by the instant application, RF requests the 18 month period to construct the facilities being assigned. RF is an "eligible entity" as defined by Section 73.3598(a) of the FCC's Rules. RF qualifies as a small business entity under Small Business Administration's (SBA) revenue standards for the radio broadcasting industry, which is no more than \$6.5 million in annual receipts. Collectively, the annual receipts of RF, its shareholders, and all affiliate companies are less than \$6.5 million. RF, as the eligible entity, will control 100 percent of the construction permits.
