

## Steve Flyte

---

The KGRI directional antenna installation has been overseen by me and has been built and confirmed as installed correctly in accordance with the specifications required on the FCC Construction Permit dated 7/13/2015.

I have 42 years experience as a broadcast engineer working in AM FM TV and satellite installations and maintenance.

I currently hold an FCC General Class commercial license, A Commercial Telegraph Operator license and an Amateur Extra Class license.

Respectfully,

A handwritten signature in blue ink that reads "Steve Flyte". The signature is written in a cursive style with a long horizontal line extending to the right.

Steve Flyte
