

### **MULTIPLE OWNERSHIP**

This application involves the requested consent to the assignment of Station KVUW(FM), Wendover, Nevada, and a construction permit for a new FM radio station at Laramie, Wyoming.

Wendover, Nevada is located in a county outside all radio markets. The proposed Assignee and its cognizable principals have no ownership or controlling interests in any broadcast station that would implicate the Commission's local radio multiple ownership rules or radio-television ownership rules.

Laramie, Wyoming is located in a county outside all radio markets. The proposed Assignee and its cognizable principals have ownership in entities that either own or have an LMA arrangement with radio stations that have principal community contour overlaps with each other.

As indicated by the attached exhibit, affiliates of the proposed Assignee have interests in one AM and three FM radio stations, for a total of four radio stations. The market formed by all stations with overlapping principal contours consists of 17 stations.

Based on this, the proposed Assignee is in compliance with the numerical limits of Section 73.3555(a)(1)(iii) of the Commission's Rules and, accordingly, the Commission's local radio multiple ownership rules are complied with.
