Robert F. Kelley, Jr.  
125 Tun Jesus Crisostomo Street  
Suite 301  
Tamuning, Guam 96913

Dear Mr. Kelley,

This letter is in response to our phone conversation held on November 9, 2020. The area surrounding the site which has been designated for your AM antenna installation (Valcom antenna) at the Port Authority of Guam is being redeveloped as a visitor recreation facility. We are proposing to allow the Valcom antenna to be reinstalled for the AM Stations at the previous site used for that purpose.

While waiting for the permitting approvals required for the recreational site development, the world including Guam was hit with the unprecedented and unexpected pandemic of Covid-19. Because Guam's tourism industry has been shut down due to no visitors since March 2020 amidst the coronavirus, the project is on hold until the visitor industry begins rebounding.

Therefore, at this time we cannot give you a firm date when the site can be fenced and reconnected to the power system and available for your use.

We will notify you as soon as we have any updated dates for the project. Should you have any additional questions, please do not hesitate to contact my office at 477-5931, ext. 302/303.

Respectfully,

Rory J. Respicio  
General Manager
