File no.: BPDTL-20120611AAE
Facility Id No.: 7079

Dear Applicant:

Within 30 days from the date of this letter, file an amendment to resolve the deficiency that was discovered during the initial review of your application. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the application.

Specifically, you are proposing to increase the tower height by 22.9 meters, which will require new tower registration with the FAA. The proposed construction permit shows the overall tower height above ground level as 619.0 meters and based on the tower registration search results of the ASRN number 1059622 as indicated in the above referenced construction permit, the overall tower height above ground level is 596.1 meters.

*A copy of this letter has been sent to the contact representative as indicated in the above referenced proposed construction permit.

Sincerely

Hossein Hashemzadeh
