

REQUEST FOR EXPEDITED ACTION

Renda Broadcasting Corp. of Nevada (“Renda”), licensee of Station WWGR(FM), Fort Myers, Florida, by its counsel, hereby requests that the Commission take expedited action on the instant filed application. In support hereof, Renda states as follows:

1. Renda has lost its lease on its current site and must vacate the premises as soon as possible. Currently, Renda is allowed to use the tower on a day to day basis and may be evicted at any time.

2. Upon being notified that the lease would not be renewed, Renda immediately found a new, permanent site for the station. Renda will be prepared to construct immediately upon grant of the permit. Accordingly, Renda requests expedited action so that it can construct its new facility and commence service at its new site as soon as possible.
