**April 2009**

**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of Magic Broadcasting Alabama Licensing LLC ("Magic"), licensee of radio station WJRL-FM, Channel 280C3, Ozark, Alabama. Magic has an outstanding permit to change the community of license for WJRL-FM from Ozark, Alabama to Fort Rucker, Alabama (BPH-20090128AEX). Magic herein submits a license application to cover the outstanding permit. A calculation of the transmitter power output of the WJRL-FM transmitter is attached as Exhibit A.

There are two operating conditions/restrictions on the WJRL-FM permit. The first condition states that the WJRL-FM permit was issued pursuant to §73.215 of the rules (contour protection). Magic acknowledges this condition. The second condition states that Magic will reduce the power of WJRL-FM, or cease operation in coordination with other users of the tower, to protect persons having access to the site from radio frequency electromagnetic fields in excess of FCC guidelines. Magic will comply with this condition. Based on the foregoing, it is believed that WJRL-FM is operating in compliance with the Commission's rules and that all conditions have been met.
