TECHNICAL STATEMENT

1. This technical statement and attached exhibits were prepared on behalf of Cumulus Media Inc. ("CMI") in connection with the proposed transfers of control of Citadel Broadcasting Corporation and its indirect licensee subsidiaries, Radio License Holding CBC, LLC ("RLHC") and Radio License Holding I, LLC (RLHI"). CMI is the licensee of WKKO, Channel 260B and WLQR¹, 1470 kHz, Toledo, Ohio; WWWM-FM, Channel 288A, Sylvania, Ohio; WLQR-FM, Channel 293A, Delta, Ohio; WRQN, Channel 228B1, Bowling Green, Ohio; WXKR, Channel 233B, Port Clinton, Ohio; WMIM, Channel 252A, Luna Pier, Michigan; WDZZ-FM, Channel 224A, WWCK-FM, Channel 288B1, and WWCK, 1570 kHz, Flint, Michigan; and WRSR, Channel 280A, Owosso, Michigan. RLHC is the licensee of WFBE, Channel 236B and WTRX, 1330 kHz, Flint, Michigan; WHNN, Channel 241C, and WIOG, Channel 273B, Bay City,

1) WLQR has an application pending to relocate (BP-20080227ACC), but will remain a metro station.

Michigan; WILZ, Channel 283A, Saginaw, Michigan; and WKQZ, Channel 227C2, Midland, Michigan. RLHI is the licensee of WJR, 760 kHz, WDRQ, Channel 226B, and WDVD, Channel 242B, Detroit, Michigan.

2. WKKO, WLQR, WWWM-FM, WLQR-FM and WRQN are all licensed to communities in a metro county in the Toledo, Ohio Arbitron Market. WXKR is not a metro station in nor considered home to any Arbitron market. WJR, WDRQ, WDVD and WMIM are each authorized to a community within a metro county in the Detroit, Michigan Arbitron Market. WHNN, WILZ, WIOG, and WKQZ are all licensed to communities in a metro county in the Saginaw-Bay City-Midland, Michigan Arbitron Market. WFBE, WTRX, WDZZ-FM, WWCK-FM and WWCK are all licensed to communities in a metro county in the Flint, Michigan Arbitron Market. WRSR is not licensed to a community in a metro county in the Flint market, but is considered “home” to that market. Therefore, this review will verify compliance of commonly owned stations in both a rated market and non-rated market.

TOLEDO, OHIO ARBITRON/BIA MARKET REVIEW

3. As shown on Exhibit #1, there are thirty-three AM and FM (commercial and non-commercial) stations listed in the Toledo, Ohio Arbitron Market (Market #89). Upon consummation of the proposed transaction, CMI would control four FM stations and one AM station in the market. The number of stations indicated falls in the thirty to forty-four stations tier of §73.3555(a)(1)(ii) of the Commission's rules. At this level, common ownership or control of up to seven stations, with no more than four in the same service, is permissible. Therefore, CMI will be in compliance in the rated Toledo, Ohio market.

DETROIT, MICHIGAN ARBITRON/BIA MARKET REVIEW

4. As shown on Exhibit #2, there are seventy-one AM and FM (commercial and non-commercial) stations listed in the Detroit, Michigan Arbitron Market (Market #11). Upon consummation of the proposed transaction, CMI would control three FM stations and one AM station in the same market. The number of stations indicated falls in the forty-five or more stations tier of §73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations, with no more than five in the same service, is permissible. Therefore, CMI will be in compliance in the rated Detroit, Michigan Arbitron market.

SAGINAW-BAY CITY-MIDLAND, MICHIGAN ARBITRON/BIA MARKET REVIEW

5. As shown on Exhibit #3, there are twenty-one AM and FM (commercial and non-commercial) stations listed in the Saginaw-Bay City-Midland, Michigan Arbitron Market (Market #134). Upon consummation of the proposed transaction, CMI would control four FM stations in the same market. The number of stations indicated falls in the fifteen to twenty-nine stations tier of §73.3555(a)(1)(iii) of the Commission's rules. At this level, common ownership or control of up to six stations, with no more than four in the same service, is permissible. Therefore, CMI will be in compliance in the rated Saginaw-Bay City-Midland, Michigan Arbitron market.

FLINT, MICHIGAN ARBITRON/BIA MARKET REVIEW

6. As shown on Exhibit #4, there are nineteen AM and FM (commercial and non-commercial) stations listed in the Flint, Michigan Arbitron Market (Market #129). Upon

consummation of the proposed transaction, CMI would control four FM stations and two AM stations in the same market. The number of stations indicated falls in the fifteen to twenty-nine stations tier of §73.3555(a)(1)(iii) of the Commission's rules. At this level, common ownership or control of up to six stations, with no more than four in the same service, is permissible. Therefore, CMI will be in compliance in the rated Flint, Michigan Arbitron market.

CONTOUR OVERLAP MARKET

7. WXKR is not a metro station or considered "home" to any Arbitron market and WRSR is home to the Flint, Michigan market. Since WXKR and WRSR have contour overlap with other stations considered herein, a study has been conducted to verify that the ownership of this station, in conjunction with the other stations in the Toledo, Detroit, Saginaw-Bay City-Midland and Flint markets, is also in compliance with the Commission's multiple ownership rules. The city grade contours of the subject stations for the contour overlap analysis are shown on Exhibits #5 and #6. As noted, the locations of the city grade contours of the stations create four distinct radio markets requiring review. Market #1 consists of FM stations WXKR, WKKO, WMIM and WWWM-FM and AM station WLQR (license and application) and WJR. Market #2 consists of FM stations WXKR, WKKO, WWWM-FM and WRQN and AM station WLQR (license and application) and WJR. Market #3 consists of FM stations WFBE, WRSR, WDZZ-FM, WWCK-FM and WIOG and AM stations WWCK and WTRX. Market #4 consists of FM stations WFBE, WDZZ-FM, WRSR and WWCK-FM and AM stations WWCK, WTRX and WJR.

8. Since the city grade contours of WXKR and WKKO are subject stations in Markets #1 and #2, their contours will be used for the Market #1 and #2 market boundary. The WRSR, WWCK-FM and WIOG contours will be used for the Market #3 boundary and the WFBE and WJR contours will be used for the Market #4 boundary. These boundaries will be used to determine the number of other stations in the relevant market to which the subject stations in that market will then be added to reach the total number of stations in or providing service to the respective market. No stations with transmitters located more than 92.0 kilometers from the boundary of the common overlap of subject stations will be considered. Further, no other facility to be controlled by CMI will be considered as a market contributor, unless it is a subject station in the radio market under study.

9. Exhibit #7 is a depiction of the AM and FM stations (commercial and non-commercial) providing service to WXKR/WKKO Radio Market boundary, which shows twelve contributing stations. Exhibit #8 is a tabulation of the stations in Radio Market #1. A total of eighteen stations are shown, including the six subject stations.² The number of stations depicted falls in the fifteen to twenty-nine stations tier of 73.3555(a)(1)(iii) of the Commission's rules. At this level, common ownership or control of up to six stations, with no more than four in the same service, is permissible. Therefore, CMI will be in compliance in the non-rated Radio Market #1.

10. Exhibit #9 is a tabulation of the stations in Market #2. A total of eighteen stations are shown, including the six subject stations.³ The number of stations depicted falls in the fifteen-

2) There are additional stations, but they are not considered as the stations identified are sufficient to allow common control of the stations which will be commonly owned.

3) Footnote 2, *supra*.

twenty-nine stations tier of 73.3555(a)(1)(iii) of the Commission's rules. At this level, common ownership or control of up to six stations, with no more than four in the same service, is permissible. Therefore, CMI will be in compliance in the non-rated Radio Market #2.

11. Exhibit #10 is a depiction of the AM and FM stations (commercial and non-commercial) providing service to Radio Market #3 boundary, which shows thirty-nine contributing stations. Exhibit #11 is a tabulation of the stations in Radio Market #3. A total of forty-six stations are shown, including the seven subject stations.⁴ The number of stations depicted falls in the forty-five or more stations tier of 73.3555(a)(1)(i) of the Commission's rules. At this level, common ownership or control of up to eight stations, with no more than five in the same service, is permissible. Therefore, CMI will be in compliance in the non-rated Radio Market #3.

12. Exhibit #12 is a depiction of the AM and FM stations (commercial and non-commercial) providing service to Radio Market #4 boundary, which shows twenty-three contributing stations. Exhibit #13 is a tabulation of the stations in Radio Market #4. A total of thirty stations are shown, including the seven subject stations.⁵ The number of stations depicted falls in the thirty to forty-four stations tier of 73.3555(a)(1)(ii) of the Commission's rules. At this level, common ownership or control of up to seven stations, with no more than four in the same service, is permissible. Therefore, CMI will be in compliance in the non-rated Radio Market #4.

4) Footnote 2, *supra*.

5) Footnote 2 *supra*.

13. Based on the compliance shown in both rated and non-rated markets, the proposed transfer is in compliance with §73.3555 of the Commission's rules, regarding the above referenced stations.

14. The foregoing technical statement was prepared on behalf of Cumulus Media Inc. by Graham Brock, Inc., its Technical Consultants. All information contained herein is true and accurate to the best of our belief and knowledge. All data relating to AM and FM facilities in the relevant BIA/Arbitron market was determined using the BIA Financial Network, Inc. Media Access Pro, Version 4.5. BIA database. Technical data related to AM and FM facilities was extracted from the Commission's CDBS database. We assume no liability for errors or omissions in either database which may be adverse to the information contained herein.
