

Changes in Interests as a Result of Reorganization

The assignment of WSTE(TV), Ponce, Puerto Rico, from Siete Grande Television, Inc. to Univision Television Group, Inc., approved in FCC File No. BALCT-20070627ACK (the "Long Form Assignment"), was consummated effective November 30, 2007. In the instant assignment of license application (the "Short Form Assignment"), permission is sought for an internal corporate reorganization of the ownership of station WSTE to accommodate financing and tax matters following the consummation of the Long Form Assignment.

Specifically, the WSTE(TV) license will be assigned to the existing California general partnership, WLII/WSUR License Partnership, G.P. Univision of Puerto Rico, Inc. is the 99.9% general partner and Univision Puerto Rico Station Operating Company is the .01% general partner of WLII/WSUR License Partnership, G.P.

Univision Puerto Rico Station Operating Company is a Delaware corporation and is 100% owned by Univision Puerto Rico Station Acquisition Company. Univision Puerto Rico Station Acquisition Company is a Delaware corporation and is 100% owned by Univision Communications Inc.

Accordingly, both the assignee and assignor are wholly owned subsidiaries of Univision Communications Inc. As this is an internal corporate reorganization, no asset or stock purchase agreement memorializing the transaction currently exists. Moreover, there is no consideration, apart from assumption of liabilities, for the transaction. A chart depicting the ownership structure of the stations after consummation of the proposed Short Form Assignment is attached.
