Subject: Determination of true azimuth for a FM radio antenna on the Slate Range Mountains
north of Trona California.

Mrs. JoAn Witzel
c/o Radio 74 KRSF
1209 West Robert Street
Ridgecrest, California 93555

Dear Mrs. Witzel;

I, Billy J. Tucker Jr., hereby state that I am a licensed surveyor in the State of California.

On the 31st of March 2011 I surveyed the installation of the directional FM antenna for KRSF Ridgecrest California. I found that the antenna has been installed in accordance with the manufacturer's instructions in that it is oriented at a true azimuth of 265 degrees within 1 degree of arc.

If I can be of additional assistance please contact me at the address noted above.

Sincerely,

BJ Tucker PE
