Miami, FL 33166

Re: WPAT-FM, Paterson, New Jersey
WPAT Licensing, Inc.
Facility Identification Number: 51663
Special Temporary Authorization
BESTA-20220215AAD

Dear Licensee:

This is in reference to the request filed February 15, 2022, on behalf of WPAT Licensing, Inc. (WLI). WLI requests a further extension of the special temporary authority (STA) originally granted on March 7, 2003, and modified on April 8, 2004, to operate Station WPAT-FM with temporary facilities.¹

In support of the request, WLI has stated that, following the destruction of the main WPAT-FM facilities on September 11, 2001, the station had been operating from Four Times Square, but was forced to relocate to the Empire State Building ("ESB"). The licensee reports that it has signed an agreement for a permanent site on the Empire State Building and has filed an application for permanent facilities. (Construction permit application 0000143151 was granted March 4, 2022.)

Our review indicates that the licensee has been prevented from restoring licensed operation due to causes beyond its control. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WPAT-FM may continue to operate with the following facilities:

Geographic coordinates:	40° 44' 54 ' NL, 73° 59' 10" WL (NAD 1927)
Channel	226 (93.1 MHz)
Effective radiated power:	not to exceed 4.0 kilowatts (H&V)
Antenna height above average terrain:	415 meters

¹ Station WPAT-FM is licensed for operation on Channel 226B (93.1 MHz) with effective radiated power (ERP) of 5.4 kilowatts (H&V), and antenna height above average terrain (HAAT) of 433 meters.

WLI must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **September 6, 2022**.

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive style with a large, looped initial "D".

Dale Bickel
