

EXHIBIT 1
MULTIPLE OWNERSHIP STATEMENT
KDAD BAR NUNN, WYOMING
WHITE PARK BROADCASTING, INC.
FCC FORM 301
JANUARY 2007

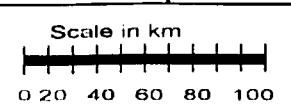

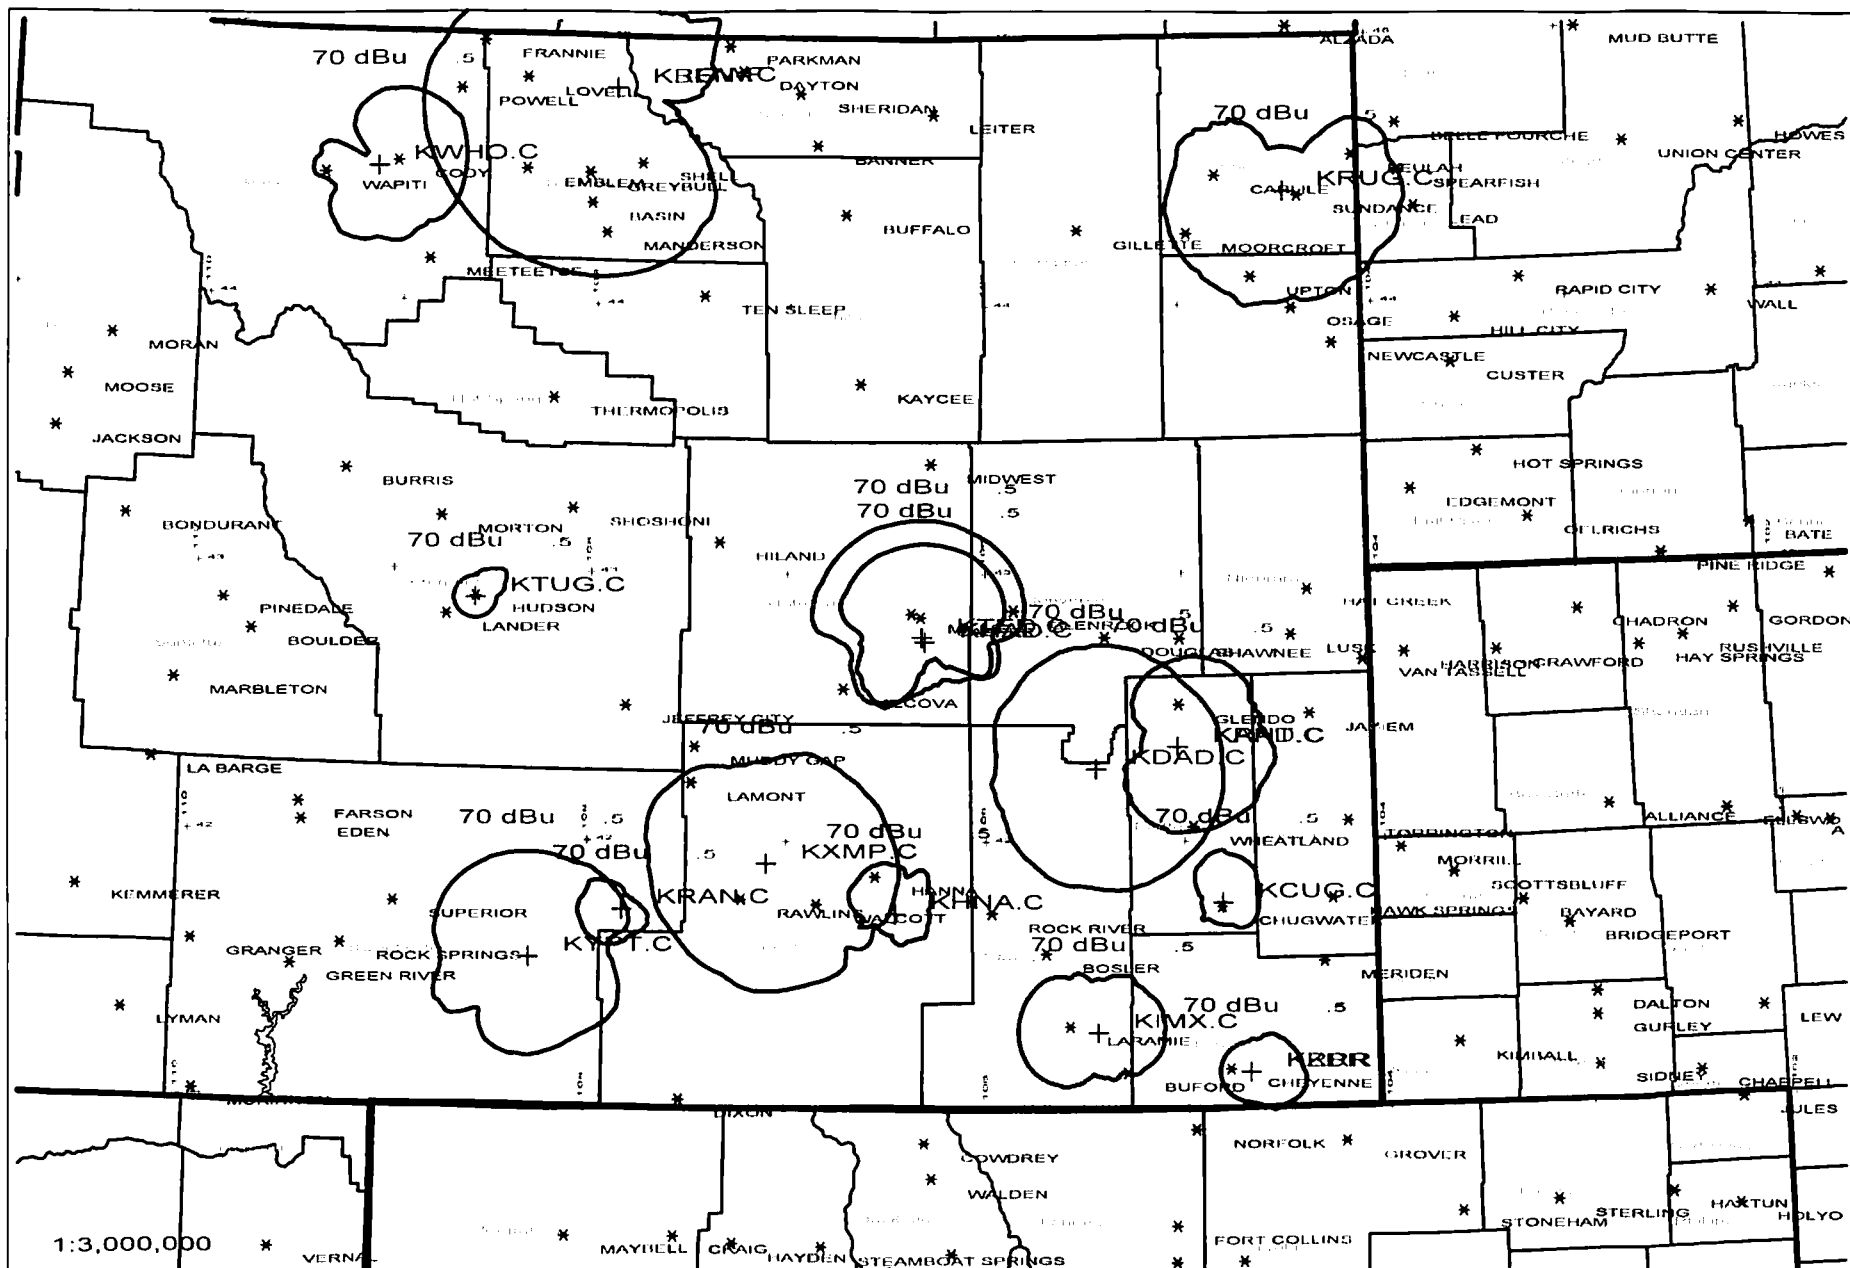

This application has been evaluated for multiple ownership compliance under 73.3555 of the commission rules.

Figure 1 shows a multiple ownership map which shows all of the stations and/or construction permits under common ownership with KDAD at Bar Nunn.

White Park Broadcasting, Inc, permittee of KDAD, is also the Permittee of KTED which is concurrently filing an application to move to this same proposed tower site as KDAD. KHAD Mills, Wyoming is also located at a site very close to the proposed site of KDAD and KTED. Hence there will be city grade overlap with KDAD, KTED and KHAD. There will not be any other community service overlap of any other stations under common ownership of KDAD.

Since all three of these stations place city grade contours over the entire Casper, Wyoming Arbitron market, it can be concluded that any of the stations licensed to Casper, Wyoming, count towards the total number of stations in the Casper Market. There are 7 FM stations and 3 AM stations licensed to Casper. They are: KMLD(FM), KWYY(FM) Casper, KMGW Casper, KHOC(FM) Casper, KQLT(FM) Casper, KTRS(FM) Casper, KASS(FM) Casper, KTWO(AM) Casper, KVOC(AM) Casper, and KKTL(AM) Casper.

Obviously, even under the minimum requirement of 73.3555, which calls for ownership of no more than 50 percent of the stations in the market, the proposed combination of 3 FM's under common ownership in the marketplace is allowed for.
