## **EXHIBIT 14: Community Coverage**

---

*Documentation for Form 340, Section VII, Item 14*

The 2000 population for Guymon, OK, the city of license for the NCE station proposed in this application, was 10,472<sup>1</sup>. The population of Guymon, OK covered by the 60 dBu contour of the proposed facility is 8,348 or 79.7% of the city population. This application therefore meets the requirements of Section 73.515 of the Commission's rules and regulations requiring that at least 50% of the community or the community's population be covered.

The details of the population count study used to determine the population served in Guymon, OK are provided in Exhibit 10 (amended) of this application.
