This document is provided as required in section 73.316(c)(vii) of the rules.

I hereby certify that I have supervised installation of the directional antenna as indicated in the construction permit BMPED-20120307AAP as required by section 73.316. I also certify that the antenna was installed and rotated to a proper azimuth as to comply with FCC construction permit BMPED-20120307AAP and as indicated in the antenna manufacturer's instructions (also see surveyor's certification).

I am a holder of a currently active General Class Radiotelephone License No. PG-19-10474 (formerly a First Class Radiotelephone License). I also am a graduate with a Bachelor Science Electrical Engineering from Lawrence Technological University 1981. Additionally, I hold a currently valid amateur radio license (N8MML). I have previously served in an engineering capacity at a number of AM, FM and television stations. I have been involved with WAHS in an engineering capacity on an as needed basis since January 1975.

All the statements contained within this exhibit are true and accurate to the best of my knowledge and belief.
